REPORT OF THE BOARD OF SELECTMEN

To The Citizen's of Cohasset:

The year 1973 was an active one for the Board of Selectmen. It convened in 50 regular and special meetings of the Board and its members spent countless hours on day-to-day operation of the Department. They also attended various hearings and meetings of other Town boards and committees in addition to regional, County and State meetings of concern to the Town.

Problems relative to the energy crisis were paramount during the latter part of the year. The Town has been fortunate to receive gasoline allotments equal to last year's consumption and fuel oil supplies have been ample with implementation of economy measures. In both cases, however, costs have escalated rapidly and will probably continue to do so. To alleviate future problems, it will be necessary to provide centralized storage and distribution facilities to keep gasoline costs at a minimum. All departments have instituted energy-saving measures which will be periodically reviewed to discourage relaxation of them. A fuel emergency home assistance board was appointed consisting of the local Red Cross and Civil Defense directors. It was delegated the responsibility for emergency allotments of home heating oil and for temporary living quarters should the need exist.

Federal Government revenue-sharing funds in the amount of \$106,630. were received during the year. So far, these monies have been applied in a manner which, in effect, reduces our tax rate. However, one should be reminded that the revenue sharing concept eliminates some programs previously funded through special grants and this practice excludes funds from all such programs. The Town has no central agency for obtaining Federal grants but its department heads, boards and committees are to be commended for ensuring that Cohasset receives its fair share.

Special projects voted at the last annual Town Meeting and under the jurisdiction of the Selectmen were completed as follows:

Article 27, Refurbishing Milliken football field.

Article 28, Demolishing stadium at Milliken Field

Article 41, Rebuilding sea-wall on Margin Street.

Article 40 to rebuild the sea-wall at Lawrence Wharf on Border Street has been temporarily delayed because bids exceeded available funds. Article 30 to repair Cat Dam on Nichols Road has also been delayed awaiting financial assistance not previously contemplated.

Last summer, an emergency existed with the water control structure of Strait's Pond. The Towns of Hull and Hingham requested that we share equally in repairing the tidal gates to control insects and odors. Through the efforts of our office, assisted by Rep. George C. (Chet) Young, the amounts were assigned to respective County budgets then in committee, with negligible cost to the Town.

The Board elected to participate in the Federally sponsored TOPICS program.

This will result in an expert traffic and safety survey of all highways with financial assistance for making recommended changes.

Youth Corps and Emergency Employment (EEA) programs were continued again this year but the latter will be discontinued by the Federal Government at fiscal year-end. The Youth Corps has been expanded to a year-round activity and currently has eight qualified participants. During 1973 alone, we received \$11,937. non-contributory services from these programs. With a member of our Board, on the Quincy (Regional) Ancillary Manpower Planning Board, we are able to keep informed on all such programs open to us.

Negotiations to purchase the Penn Central right-of-way have continued throughout the year. An offer was made but proceedings have been slow due primarily to the uncertainty of the whole rail transportation picture.

Spurred by unfavorable publicity relative to our Town ambulance service, the Selectmen, assisted by interested members of the Police and Fire Departments, are conducting an in-depth study of alternatives open to the Town. Specific recommendations concerning ambulance service will be presented at the next annual Town Meeting.

The Board of Selectmen extends its sincere appreciation to all Townspeople, Town employees, boards and committees for their cooperation and assistance during the past year.

Respectfully submitted,
Arthur L. Clark, Chairman
Mary Jeanette Murray
Henry W. Ainslie, Jr.

**TOWN CLERK'S REPORT OF THE ANNUAL TOWN MEETING
HELD MARCH 3, 1973**

At the Annual Business Meeting held at the High School at 10:00 A.M., March 3, 1973, the following articles were contained in the Warrant and acted upon as recorded.

The number of voters present as checked on the incoming voting lists was 658.

The invocation was given by Rev. Max Munro.

RESOLUTION BY MARY JEANETTE MURRAY

Be it resolved: That the Town of Cohasset set aside the month of March, 1973, and hereby is proclaimed a month of Prayer and Thanksgiving for the Cease-fire in Vietnam;

And furthermore, that March will also be set aside in memory of Cohasset's Vietnam dead as well as for all those who died in this struggle;

And furthermore, that this month also honor the P.O.W.'s and M.I.A.'s of the Vietnam Conflict.

VOTED unanimously by a voice vote in the affirmative.

ARTICLE 1.

VOTED unanimously by a voice vote, that the Selectmen be and hereby are authorized and directed to appoint all Town Officers not required to be elected by ballot.

ARTICLE 2.

VOTED unanimously by a voice vote, that the reports of the various Town Officers as printed in the Annual Town Report for the year 1972 be and hereby are accepted.

ARTICLE 3. To hear the report of any committee heretofore chosen and act thereon.

VOTED unanimously by a voice vote, that the reports of the Town Committees be one of progress and be continued:

School Facilities Committee, Personnel Committee, Council for the Aging, Committee to Study the Government Island Property, Cohasset Harbor Committee, Massachusetts Transportation Commission to Represent the Town of Cohasset in the Greater Boston Region, Public Sewerage System Study Committee, Conservation Commission, Capital Budget Committee, Cohasset Drug Education Committee, Committee to Study Purchasing of Goods and Services, Committee to Investigate the Possibility of Bringing into the Town Light Industry, Committee to Study Alternative Uses for Joseph Osgood School if Present School Use is Terminated and Committee to study the Possibility of Acquiring the former Black Rock House Site as Addition to Wadleigh Park.

VOTED unanimously by a voice vote, that the following committees be discharged with thanks for their time and effort for our Town; Committee of Members of Town Land and Water Supply, Veterans Memorial Committee and Harbor Dredging Committee.

ARTICLE 4. To see if the Town will vote to fix the salaries and compensation of Elected Officers, and to see what sums the town will vote to raise and appropriate, from available funds, or otherwise, for the payment of said salaries and compensation, equipment and outlays, capital and otherwise, of the several Town Departments, for the ensuing fiscal year, and retroactive to January 1, 1973 or act on anything relating thereto.

MOVED: That this article be considered, covered and acted upon in one vote; that the sum of \$7,027,814.00 be and hereby is raised and appropriated; the sum of \$46,205.00 for salaries of elected Town Officers as follows: Town Clerk, \$3,877.00; Clerk, Board of Registrars, \$422.00; Highway Surveyor, \$14,231.00; Moderator, \$225.00; Treasurer-Collector, \$17,250.00; Selectmen, \$4,650.00; Assessors, \$5,550.00 and in each case for the ensuing 18 month fiscal period and retroactive to January 1, 1973 and until the Annual Town Meeting in 1974 and that \$6,981,609.00 for interest, maturing, debt, charges, salaries, compensations, operations, maintenance, equipment outlays, capital and otherwise, and expenses of the various departments, effective and retroactive as aforesaid being recommended for all the purposes itemized re subdivisions numbered 1 through 49 inclusive, shown in your warrant on pages 5 through 15 inclusive and that to raise said appropriation the sum of \$1,039.56 is appropriated from Dog Licenses received from the County; the sum of \$2,607.75 is appropriated from State Aid for Libraries; the sum of \$66,195.00 is appropriated from Federal Revenue Sharing Funds and the balance of \$6,957,971.69 is raised by taxation.

VOTED by a voice vote, that the motion for Article 4 be and hereby is amended by adding to Protection of Persons and Property - the present Folio 12 - Police Department - Salaries and Wages \$1,400.00 so that the figure of \$282,248.00 under said Folio 12 shall be stricken and there shall be substituted therefore the figure of \$283,648.00; so that the figure of \$819,242.00 under the heading Total - Protection of Persons and Property be stricken and there shall be substituted therefore the figure of \$820,642.00; so that the figure of \$7,027,814.00 under the heading Grand Total Budget Article be stricken and there shall be substituted therefore the figure of \$7,029,214.00.

MOVED to divide Article 4 so that Folio 33, 33A, 33B and 33C, the School Budget be considered first as Article 4A and that the balance of Article 4 be considered after Article 4A is disposed of.
The Moderator ruled this motion in order and ordered the division of Article 4.
Motion by Henry Dormitzer.

VOTED by a voice vote that the figure of \$4,058,122.00 under Schools, Folio 33 be reduced by 10% and that said figure of \$4,058,122.00 be stricken and there be substituted in place thereof the figure of \$3,652,310.00 and that the School Committee be authorized to distribute these reductions to the separate line items in the manner most effective to properly operate the schools and that the sum of

\$3,706,649.00 be and hereby is raised and appropriated for schools, Folios 33, 33A, 33B and 33C, and to raise said appropriation the sum of \$1,039.56 is appropriated from Dog Licenses received from the County and the balance of \$3,705,609.44 is raised by taxation.

VOTED unanimously by a voice vote, that further action on the main motion for Article 4A be postponed until Monday evening, further that this article be acted upon as the first item of new business.

MOVED that this article be considered, covered and acted upon in one vote; that the sum of \$2,916,753.00 be and hereby is raised and appropriated; the sum of \$46,205.00 for salaries of elected Town Officers as follows: Town Clerk, \$3,877.00; Clerk, Board of Registrars, \$422.00; Highway Surveyor, \$14,231.00; Moderator, \$225.00; Treasurer-Collector, \$17,250.00; Selectmen, \$4,650.00; Assessors, \$5,550.00, and in each case for the ensuing 18 month fiscal period and retroactive to January 1, 1973 and until the Annual Town Meeting in 1974 and that \$2,870,548.00 for interest, maturing, debt, charges, salaries, compensations, operations, maintenance, equipment outlays, capital and otherwise, and expenses of the various departments, effective and retroactive as aforesaid being recommended for all the purposes itemized re subdivisions numbered 1 through 49 inclusive, with the exceptions of schools, folios 33, 33A, 33B and 33C, and that to raise said appropriation the sum of \$2,607.75 is appropriated from State Aid for Libraries; the sum of \$66,195.00 is appropriated from Federal Revenue Sharing Funds and the balance of 2,847,950.25 is raised by taxation.

VOTED by a hand vote, YES, 283, to NO, 137, that the Motion for Article 4B be and hereby is further amended by deducting from Health & Sanitation Refuse and Garbage Disposal - Capital Outlay From Taxation Folio 23B \$7,500.00 so that the figure of \$21,305.00 under said Folio be stricken and there shall be substituted therefore the figure of \$13,805.00; so that the figure of \$231,752.00 under the heading Total Health and Sanitation be stricken and there shall be substituted therefore the figure of \$224,252.00; so that the figure of \$2,916,753.00 under the heading Grand Total Budget Article be stricken and there shall be substituted therefore the figure of \$2,909,253.00, and that the figure of \$2,870,548.00 be stricken and that the figure of \$2,863,048.00 be substituted therefore; that the figure of \$2,847,950.25 be stricken and that the figure of \$2,840,450.25 be substituted therefore.

VOTED unanimously by a voice vote to accept Article 4B as amended.

 - (A) The maintenance of the disposal area will be under the control of the Highway Department effective March 7, 1973.

Voted by a voice vote in the affirmative that the meeting advance ARTICLE 7 for action at this time.

ARTICLE 7.

VOTED by a voice vote, that the Personnel Classification and Compensation By-Law be and hereby is amended to reduce the work hours of the Fire Department personnel beginning on November 16, 1973 from 56 hours per week to 48 hours per week - but only in the event sufficient additional personnel have been appointed to maintain present manning levels at all stations, by deleting as of November 16, 1973 the following:

ALPHABETICAL LIST OF DEPARTMENTS

Department	Pay Group	Schedule	Hours
Fire Department			
Fire Chief	FS15	3	
Deputy Chief	FS12	3	56
Captain	FS11	3	56
Firefighter - Master Mech.	FS10	3	56
Private	FS9	3	56

and substituting them for the following:

ALPHABETICAL LIST OF DEPARTMENTS

Fire Department	Pay Group	Schedule	Hours
Fire Chief	FS15	3	
Deputy Chief	FS12	3	48
Captain	FS11	3	48
Firefighter-Master Mechanic	FS10	3	48
Private	FS9	3	48

And that the sum of \$20,668.00 be and hereby is raised by taxation to effectuate said amendment and this amount shall be credited to Fire Department Sal-

aries and Wages account.

ARTICLE 5. To hear and act upon the report and recommendations of the Personnel Committee, and to see if the Town will vote to amend its Personnel Classification By-Law Schedule by adopting, or amending and adopting and inserting and substituting the following schedule for the schedule heretofore adopted, and to raise and appropriate a sum of money necessary to pay said increases in compensation according to any amendments to said Personnel Classification By-Law Schedule, for the ensuing fiscal year and retroactive to January 1, 1973 or act on anything relating thereto.

Recommendation will be made from the floor at Town Meeting.

ARTICLE 8.

VOTED unanimously by a voice vote that time for adjournment of this meeting be fixed to be at the completion of action on the article pending at 5:15 P.M. tonight, and that the meeting then adjourn to Monday, March 5, 1973 at 7:30 P.M. at this hall.

ARTICLE 9.

DEFEATED by a voice vote.

ARTICLE 10.

VOTED unanimously by a voice vote, that the motion adopted under Article 41 of the annual Town Meeting held on March 4, 1967, be and hereby is amended by inserting after the word "water" and before the words "Shall make a premium payment", the words, "Sewer and Tree and Park Departments" and to insert after the words "and without" and before the words "for hours worked" the words "and in pay groups WW1, WW2, and WW3" so that the Article 41 as amended shall read that the Section 23 of the Personnel Classification and Compensation Plan be amended by adding the following paragraph thereto:

Notwithstanding any other provision of this Section 23, the Highway, Water, Sewer, and Tree and Park Departments shall make a premium payment in addition to straight time pay equal to one-half the applicable straight time pay to regular full-time employees of such departments in pay scale groups W1, W2, W3, W4, W5, W6, W7, W8, W9, and W10 and in pay groups WW1, WW2, WW3 for hours worked in unscheduled work as hereinafter defined during the hours from 12:01 a.m. to 6:00 a.m. on Monday and from 6:00 p.m. to 6:00 a.m. Monday through Friday 12:00 midnight and at any time on Saturday and Sunday and paid holi-

days listed in Section 25. "Unscheduled Work" shall mean work of an emergency nature which could not have been and was not scheduled to be done 12 hours or more in advance of beginning such work.

ARTICLE 11

VOTED unanimously by a voice vote, that the Town Treasurer, with the approval of the Selectmen be and hereby is authorized to borrow in anticipation of the revenue for the eighteen month period beginning January 1, 1973 in accordance with General Laws, Chapter 44, Section 4, and acts in amendment thereof, and including in addition thereto, Chapter 849 of the Acts of 1969, as amended, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

ARTICLE 12

VOTED unanimously by a voice vote, that the sum of \$100,000.00 be and hereby is raised and appropriated as follows: By taxation \$71,459.00; from available Funds-Surplus Revenue \$25,000.00 and from Reserve Fund Overlay Surplus \$3,541.00.

ARTICLE 13

VOTED by a voice vote, that the sum of \$1,912.16 be and hereby is raised and appropriated by taxation for the purpose of maintaining during the ensuing eighteen month fiscal period, the mosquito control works and improvement of low lands and swamps as estimated and certified to by the State Reclamation Board in accordance with the provision of Chapter 112, Acts of 1931.

ARTICLE 14

VOTED by a voice vote, that the Town, acting under the jurisdiction and provisions of Chapter 252 of the General Laws, as amended, join in the South Shore Mosquito Control Project in conjunction with the city of Quincy, and other Towns joining therein, that \$5,997.84 be and hereby is raised and appropriated by taxation for the purpose of paying Cohasset's share thereof, the same to be paid to the Massachusetts Reclamation Board in the discretion of the Board of Selectmen if sufficient other municipalities join in to justify such action.

ARTICLE 15

VOTED by a voice vote, that the sum of \$1,845.00 be and hereby is raised and appropriated by taxation to be used with the balance of prior appropriation for the Town's proportion of the cost for the control of insect, vegetable and animal life in Straits Pond for 1973 as advised by the State Reclamation Board and as provided by Chapter 557 of the Acts of 1955 as amended.

ARTICLE 16

VOTED unanimously by a voice vote, that the Town assume liability in the

manner provided by Section 29 of Chapter 91 of the General Laws, as most recently amended by Chapter 5, Acts of 1955, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores and shores and rivers, in accordance with Section 11 of Chapter 91 of the General Laws and authorize the Selectmen to execute and deliver a bond of indemnity therefore to the Commonwealth.

ARTICLE 17

VOTED unanimously by a voice vote, that the sum of \$29,846.00 be and hereby is raised and appropriated by taxation for the use of the South Shore Regional School District for 1973 and through June 30, 1974 to pay Cohasset's share of assessment for the South Shore Regional School District.

ARTICLE 18

VOTED by a voice vote, that the sum of \$6,000.00 be and hereby is appropriated for maintenance of highways for the ensuing eighteen month fiscal period under Chapter 90, of the General Laws and to meet said appropriation \$2,000.00 be and hereby is raised and appropriated by taxation to meet the Town's share thereof; to meet the State and County share thereof that \$4,000.00 be taken from Surplus Revenue in anticipation of reimbursement from the State and County of their share thereof and when reimbursement is received said funds are to be returned to Surplus Revenue.

ARTICLE 19

VOTED by a voice vote, that the sum of \$15,400.00 be and hereby is appropriated for Chapter 90 Highway Construction for Elm Street, Jerusalem Road, and Nichols Road for the ensuing eighteen month fiscal period and to meet said appropriation \$3,850.00 be and hereby is raised and appropriated by taxation to meet the Town's share thereof; to meet the State and County share thereof that \$11,550.00 be taken from Surplus Revenue in anticipation of reimbursement from the State and County share thereof and when reimbursement is received said funds are to be returned to surplus revenue.

At 5:30 p.m. it was voted unanimously by a voice vote to adjourn until Monday, March 5, 1973 at 7:30 p.m.

MONDAY MARCH 5, 1973

Moderator David E. Place opened the meeting at 7:40 p.m. The number of voters present as checked on the incoming voting lists was 798.

ARTICLE 4A Moved, that the sum of \$3,706,649.00 be and hereby is raised and appropriated for the following accounts - Schools, Folio 33, \$3,652,310.00, Folio 33A, \$46,339.00, Folio 33B, \$1,550.00, Folio 33C, \$6,450.00, and that to raise said appropriation the sum of \$1,039.56 is appropriated from Dog Licenses

received from the County and the balance of \$3,705,609.44 is raised by taxation.

MOTION PRESENTED BY JOHN REARDON, CHAIRMAN OF THE SCHOOL COMMITTEE.

MOVED: That the motion for Article 4A be and hereby is amended by striking the figure of \$3,706,649.00 and substituting therefore the figure of \$4,009,608.00; by striking the figure \$3,652,310.00 and substituting therefore the figure \$3,961,269.00; by striking the figure of \$46,339.00 and substituting therefore the figure of \$40,339.00; and by striking the figure \$3,705,609.44 and substituting therefore the figure of \$4,008,568.44, so that the motion as amended shall read as follows:

that the sum of \$4,009,608.00 be and hereby is raised and appropriated for the following accounts:

Schools —	Folio 33,	\$3,961,269.00
	Folio 33A	40,339.00
	Folio 33B	1,550.00
	Folio 33C	6,450.00

and that to raise said appropriation the sum of \$1,039.56 is appropriated from Dog Licenses received from the County and the balance of \$4,008,568.44 is raised by taxation.

AMENDMENT PRESENTED BY DOCTOR ROBERT SCEERY.

MOVED that the first amendment to the motion for Article 4A be and hereby is amended by striking the figure of \$4,009,608.00 and substituting therefor the figure \$4,112,461.00 and by striking the figure \$3,901,269.00 and substituting therefor the figure \$4,058,122.00 by striking the figure \$4,008,568.44 and substituting therefor the figure \$4,111,421.44 so that the motion as amended shall read as follows:

That the sum of \$4,112,461.00 be and hereby is raised and appropriated for the following accounts:

Schools —	Folio 33,	\$4,058,122.00
	Folio 33A	46,339.00
	Folio 33B	1,550.00
	Folio 33C	6,450.00

and that to raise said appropriation the sum of \$1,039.56 is appropriated from Dog Licenses received from the County and the balance of \$4,111,421.44 is raised by taxation.

After a lengthy discussion on the motion the moderator called for a voice vote on the Doctor Sceery amendment and the vote was in doubt. A hand vote was called for and the motion was defeated, No, 366, to Yes 328.

VOTED by a voice vote, to accept the motion made by John Reardon, Chairman of the School Committee. same as printed above.

TUESDAY-MARCH 6, 1973

The Moderator opened the meeting at 7:50 p.m. The number of voters
present as checked on the incoming voting lists was 377.

ARTICLE 20

VOTED by a voice vote, that the sum of \$5,000.00 be and hereby is raised

and appropriated by taxation to study, investigate and take action to encourage the highest attainable level of mental health for all citizens of Cohasset and to utilize all possible resources available to combat drug dependency and that the Drug Education Committee be and hereby is authorized to make such contracts and execute on behalf of the town all necessary documents as it shall deem necessary or advisable in carrying out the foregoing purposes.

ARTICLE 21

VOTED by a voice vote, that the sum of \$2,000.00 be and hereby is raised and appropriated by taxation for the purpose of laying out and constructing additions and extensions to the Town's system of sewerage and sewage disposal on Pond Street; that the Board of Sewer Commissioners be and hereby is authorized to make such contracts and to execute on behalf of the Town all necessary documents or instruments in carrying out the foregoing purposes.

ARTICLE 22

VOTED by a voice vote, that assessments shall be made upon abutters and upon owners of land or upon those who by more remote means receive benefit from the system of sewerage, drainage and/or sewage disposal by a fixed uniform rate by any and all methods permitted by the General Laws including provisions of Chapter 65 of the Acts of 1962, as amended and Chapter 80 and Chapter 83 of the General Laws, as amended; that a just and equitable annual charge for the use of common sewers, based upon the benefits derived therefrom, be established; that the rules and regulation to establish sewer benefit assessments, sewer connection charges and sewer service charges, as presently established be and hereby are stricken and that there be and hereby are established in place thereof the following:

DIVISION B

RULES AND REGULATIONS TO ESTABLISH SEWER BENEFIT ASSESSMENTS, SEWER CONNECTION CHARGES AND SEWER SERVICE CHARGES FOR THE SEWER COMMISSION, TOWN OF COHASSET, COMMONWEALTH OF MASSACHUSETTS.

Be it ordained and enacted by the Board of Sewer Commissioners of the Town of Cohasset, Commonwealth of Massachusetts, as follows:

ARTICLE B-1

ASSESSMENTS, CONNECTION, AND SEWER SERVICE CHARGES

SECTION 1-1. BENEFIT ASSESSMENTS. Benefits accruing to properties as the result of the construction of systems of sewers and/or systems of sewerage and sewage disposal shall be assessed as follows:

- (a) Each parcel of land which abuts a public highway or a highway which by

its use is generally believed to be a public highway or a right-of-way, and in which there has been constructed a public sanitary sewer, shall be assessed eight dollars (\$8.00) per lineal front foot; provided however, no such parcel of land shall be assessed less than eight hundred dollars (\$800.00). Whenever such a parcel of land contains a building or buildings that are, in the opinion of the Commissioners, potential sewer connections in the rear of a building or buildings fronting on a highway, a front foot assessment of a minimum assessment or eight hundred dollars (\$800.00) shall be levied as hereinbefore set forth and in addition an assessment of eight hundred dollars (\$800.00) shall be levied for each such potential sewer connection in the rear.

(b) Each parcel of land which does not abut a public highway or right-of-way but which, in the opinion of the Commissioners, is a potential sewer connection shall be assessed eight hundred dollars (\$800.00). If any such parcel of land contains more than one building, each building which is a potential sewer connection in excess of one basic building shall be assessed eight hundred dollars (\$800.00) in addition to the primary assessment of eight hundred dollars (\$800.00).

(c) Each parcel of land abutting two or more highways or rights-of-way in which there has been constructed a public sanitary sewer shall be assessed eight dollars (\$8.00) per lineal front foot along the address side which abuts the public highways or rights-of-way as above described. Each other side of said parcel which abuts a public highway or right-of-way in which a public sanitary sewer has been constructed shall be assessed eight dollars (\$8.00) for each front foot in excess of one hundred feet; provided, however, no such parcel of land shall be assessed less than eight hundred dollars (\$800.00).

(d) Each interior parcel of land, not a corner parcel, having frontage on two or more public highways or rights-of-way in which there has been constructed a public sanitary sewer shall be assessed eight dollars (\$8.00) per lineal front foot or a minimum assessment of eight hundred dollars (\$800.00) whichever is greater on each side which abuts a public highway or right-of-way as above described. The Commission is hereby specifically empowered to grant relief by directing that only a single assessment be levied in such cases where the insufficient depth of a particular parcel makes more than a single connection to the sewer impracticable and a double assessment inequitable.

(e) Special assessments shall be levied against commercial and industrial properties on the basis on benefit received, as determined by the Sewer Commissioners.

SECTION 1-2. SUSPENSION OF ASSESSMENT. Each parcel of land which abuts a public highway or right-of-way in which there has been constructed a public sanitary sewer, and which, in the opinion of the Commission, may not be serviced by the sanitary sewer system because of topographical or other engineering factors, may have its assessment suspended upon approval of the Commission. As herein used "Topographical or other engineering factors" refers to the capacity of the property to be serviced by means of a gravity flow connection, but does not exclude the use of a forced flow to enter the sanitary sewer.

SECTION 1-3. ALLOWANCES. The Commission may make reasonable allowances whenever the particular size, shape or location of any property shall require an allowance in keeping with the fundamental principle that no assessment shall be made against any property in excess of the special benefit to accrue to such property.

SECTION 1-4. EXCEPTIONS. All properties exempt from general property taxation under the provisions of the Massachusetts General Laws by virtue of their ownership by governmental, religious, charitable, or non-profit organizations shall be exempt from the benefit assessment provisions of Division B, Article B-1, Section 1-1 of these Rules and Regulations.

SECTION 1-5. PAYMENT. Benefit assessments shall be payable by the parcel owner in not more than twenty (20) approximately equal annual installments, payable 1 July of each year commencing the year following the sewer installation. Interest at 5% per annum on the total unpaid assessment shall be due and payable with each annual installment. Any assessment may be paid in full at any time.

SECTION 1-6. SEWER BUILDING CONNECTION CHARGES. The charge for building connections when such services are made available by the Town, shall be the cost to the Town for labor, equipment and materials, plus 20% of sewer department labor for overhead, plus 15% of material costs for handling of materials supplied by the sewer department. The owner shall have the right to contract with a private approved contractor to perform this work in strict accordance with the Sewer Commission's Rules and Regulations.

SECTION 1-7. SEWER SERVICE CHARGES. On a quarterly basis, there shall be assessed against each customer connected to the sanitary sewer system a sewer service charge. The assessment of sewer service charges shall be based upon the volume of sewage emanating from each residential, commercial, and industrial building connected to the sanitary sewer system. The following charges shall apply to the preceding structures as defined by the Assessor for tax assessment purposes.

RESIDENTIAL CUSTOMER RATE. The volume of sewage from residential buildings shall be taken as eighty percent (80%) of the water consumption for the same quarter utilizing the water meter as the basis for the sewage flow. A minimum of seven dollars and fifty cents (\$7.50) per quarter of year shall be charged with a minimum of 10,000 gallons of sewage per quarter associated with this minimum. All in excess of 10,000 gallons of sewage per quarter shall be assessed at the rate of seventy-five (75) cents per thousand gallons.

COMMERCIAL AND INDUSTRIAL RATE. The volume of sewage from commercial and industrial buildings shall be taken as one hundred percent (100%) of the water consumption for the same quarter, utilizing the water meter as the basis for sewage flow. A minimum of ten dollars (\$10.00) per quarter of year shall be charged with a minimum of 10,000 gallons of sewage per quarter associated with this minimum. All in excess of 10,000 gallons of

sewage per quarter shall be assessed at the rate of one dollar (\$1.00) per thousand gallons.

SECTION 1-8. DELINQUENT CHARGES. All assessments and charges established within this ordinance shall be governed as to payment and disposition of payments as follows.

All apportioned assessments shall be due and payable on July 1 annually. If unpaid, after November 1 of the fiscal year in which it is payable, interest at the rate of eight percent (8%) per annum, computed from October 1 of such fiscal year, shall be paid. If any annual installment of the benefit assessment charge shall be unpaid thirty (30) days after such installment was due and payable, the remaining unpaid balance of the total assessment and deferred interest charges is delinquent and interest at the rate of eight percent (8%) per annum shall be paid. Upon payment of all delinquent installments and deferred interest charges and accrued interest due to date of payment, interest will accrue on the balance of the assessment if the next Annual installment is unpaid thirty (30) days after having become due and payable. All payments rendered shall be applied to payment of the deferred interest charges, and the remainder, if any, applied to the installment due. Unpaid assessments shall be liened and foreclosed upon in accordance with the general statutes governing the collection of property taxes.

SECTION 1-9. GENERAL PROVISIONS. For the purposes of these Rules and Regulations, the frontage of each benefitted property shall be figured to the nearest foot as shown on the assessment drawings on file in the Office of the Town Assessor, Cohasset, Massachusetts. The starting point for the measurement of the frontage of corner lots shall be the point of the intersection of the street lines, or if the corner is an arc, the midpoint of the arc of the corner curve.

All benefit assessments and sewer service charges herein provided for shall be computed by the Assessor and all bills for such assessments and charges shall be prepared and sent by the Town Collector.

All payments shall be made to said collector and shall be deposited and used in accordance with the provisions of the General Statutes.

ARTICLE B-II

VALIDITY

SECTION 2-1. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 2-2. The invalidity of any section, clause, sentence, or provision of this ordinance shall not affect the validity of any other part of this ordinance which can be given effect without such invalid part or parts.

ARTICLE 23

VOTED by a hand vote Yes, 263, to No, 21, that the sum of \$265,000.00 be

and hereby is raised and appropriated for working plans and specifications, for a system of main drains and for common sewers, interceptor sewers, street service connections, other connections, and other works, including but not restricted to the modification of or increase in the capacity of the sewage treatment plant as may be required to extend the existing system of sewerage, drainage and sewage disposal in and to each or any of the following described areas:

A. Parts of Pond Street, parts of Bancroft Road, parts of Chief Justice Cushing Highway, Buttonwood Lane, part of Woodland Drive, Holly Lane, Virginia Lane, Clay Spring Road, Bayberry Road, Tupelo Road, Arrowwood Road, Evergreen Lane, parts of Old Pasture Road, and parts of Reservoir Road.

B. Parts of Reservoir Road, parts of Old Pasture, Pleasant Street, Pleasant Lane, Cushing Road, James Lane, Smith Place, parts of Spring Street, Oak Street, Ash Street; Hill Street, Short Street, Norfolk Road, parts of Bancroft Road, and parts of Sohler Street.

C. Chief Justice Cushing Highway from the Cohasset-Scituate line to Beechwood Street, parts of Beechwood Street, and Todd Road, and to meet said appropriation, the Treasurer, with the approval of the Board of Selectmen, be and is hereby authorized to borrow \$240,500.00 under the General Laws Chapter 44, section 7, clause 22 and the balance of \$24,500.00 be and hereby is raised by taxation; that the Sewer Commissioners be and hereby are authorized to make such contracts and execute on behalf of the Town all necessary documents as they shall deem necessary or advisable in carrying out the foregoing purposes; that expenditure of said funds is subject to the Sewer Commissioners receiving regulatory approval of its engineering study as authorized under Article 23 at the Annual Town Meeting held on Tuesday, March 7, 1972 and further subject to the approval of all State and Federal Agencies that there will be no requirement for the construction of a submarine outfall to transport the treated waste matter to and beyond Cohasset Harbor.

ARTICLE 24.

VOTED by a voice vote, that this article be indefinitely postponed.

ARTICLE 25.

VOTED unanimously by a voice vote, that the Town, if necessary, to petition the General Court for a special act authorizing the Town, or designated agents thereof, to take all actions necessary in order to construct a reservoir with appurtenant facilities for water supply and recreational purposes.

ARTICLE 26.

VOTED unanimously by a hand vote, Yes, 271, to No, 0, that the sum of \$2,500,000.00 be and hereby is appropriated to authorize and empower the Board of Water Commissioners to construct or enlarge a reservoir and to construct filter beds, standpipes, buildings for pumping stations, including original pumping station equipment, and buildings for water treatment including original equipment therefore, and to acquire the land or any interest in land necessary in connection with any of the foregoing; and to purchase or take by eminent domain a parcel of land for the location of a water treatment facility, said land shown as Parcel A on

a plan entitled "Water Treatment Facility, Town of Cohasset, Massachusetts, proposed Land Taking, Scale one inch equals eight feet, July 14, 1972 S F A Consultants, Inc., Engineers/Planners, Boston, Massachusetts," a copy of which is on file at the Water Commissioners' Office; and described as follows:

Beginning at a point at the Easterly corner of said parcel shown on said plan and at a point on the Northerly shore of Lily Pond and the Westerly side of "Old King Street", so-called, and running Northwesterly along the Westerly line of Old King Street, two hundred and sixty (260) feet more or less/thence turning and running Southwesterly in a line parallel to the "Old Right of Way" so-called, eight hundred and forty (840) feet more or less; thence turning ninety (90) degrees and running Southeasterly three hundred and seventy (370) feet more or less to the Northerly shore of Lily Pond; thence turning and running North-easterly along the northerly shore of Lily Pond eight hundred and forty (840) feet more or less to the point of beginning, said parcel containing six (6.0) acres more or less situated in the Town of Cohasset and shown on Assessors Maps as land now or formerly of Aaron J. Rosenberg and Joseph F. Levine.

And to purchase or take by eminent domain or otherwise acquire, the fee or lesser interest in certain parcels of land in Cohasset for the location of a dam and water reservoir. Said parcels being shown on a plan entitled "Plan of Land in Cohasset, Mass." Scale 100 feet to an inch, dated January 20, 1972, Ernest W. Branch, Inc., Civil Engineers, A copy of which is on file at the Water Commissioners' Office.

Each of said parcels being described as follows:

PARCEL 1. A certain parcel of land now or formerly belonging to the heirs and devisees of Elmer E. Bates containing 2.6 acres of land, more or less, located on the Northerly side of Beechwood Street and designated on the above plan as lands of Howard Bates, etc.

PARCEL 2. A certain parcel of land belonging now or formerly to Dora C. McLaughlin, containing 750 square feet of land, more or less, located on the Northerly side of Beechwood Street and designated on the above plan as land of Dora G. McLaughlin.

PARCEL 3. A certain parcel of land belonging now or formerly to Ira N. Pratt, containing 5700 square feet of land, more or less, located Southerly of Beechwood Street designated on the above plan as land of Ira N. Pratt.

PARCEL 4. A certain parcel of land belonging now or formerly to Sanford L. Damon, containing 750 square feet of land, more or less, and designated on the above plan as land of Sanford L. Damon.

PARCEL 5. A certain parcel of land belonging now or formerly to Walter F. Whitcomb and Ruth E. Vinson, and designated on the above plan accordingly, containing 3.0 acres.

PARCEL 6. A certain parcel of land belonging now or formerly to J. P. Whitmore and Ira N. Pratt designated on the above plan accordingly, containing

PARCEL 7. A certain parcel of land belonging now or formerly to the Lot Phillips Corp. and designated on the above plan accordingly, containing 0.6 acres.

PARCEL 8. A certain parcel of land belonging now or formerly to Walter K. Winchester, and being comprised of Lot 13, a portion of Lot 48, a portion of Lot 12, a portion of Lot 11, Lot 15, Lot 17, Lot 18, a portion of Lot 19, portions of Lots 16, 20, 23, 25, 26, 27, 31, 32, and 33, according to the above plan and containing 4.62 Acres, more or less.

Meaning and intending to include in the above described parcels all lands not presently owned by the Town of Cohasset, which are contained in the parcel designated on the above plan as Total Area 37.60 Acres, more or less, to make: such contracts and to execute on behalf of the Town all necessary documents or instruments and employ such engineers, legal counsel or other agents and procure such additional plans and purchase such material and do such other acts as they shall deem necessary or advisable in carrying out the foregoing purposes and to meet this appropriation the Treasurer-Collector with the Approval of the Board of Selectmen is authorized to borrow \$2,500,000.00 in accordance By Chapter 44, Section 8 of the General Laws of Massachusetts as amended or the provision, of a special Law mentioned below; and the Board of Water Commissioners is authorized to contract for an expend State and Federal Grants for the project provided that the total authorized borrowing shall be reduced by the amount of any State and Federal Construction Aid; and to pay for the additional costs resulting from this project, the Town of Cohasset water rate schedule hereafter shown be put into effect as of July 1, 1972; and that the Board of Water Commissioners on behalf of the Town of Cohasset be and hereby is authorized to execute a lease of certain lands as a reservoir site from the Commonwealth of Massachusetts, said lands being shown on a plan on file in the Town of Cohasset Clerk's Office, said plan being entitled "Proposed Reservoir" by Ernest W. Branch, Inc., Civil Engineers, dated January 1971 containing 231.73 acres, more or less; and that the Board of Water Commissioners are authorized to petition the General Court for the enactment of a special law, in such form as the Commissioners and the town counsel deem appropriate, amending Chapter 128 of the Acts of 1886, as amended, so as to delete the limitation on the amount of lands which may be held by the town for water purposes, authorizing the execution of a long term lease of the above described land, authorizing the Treasurer with the approval of the Selectmen to borrow \$2,500,000.00 for the above stated purposes and containing such other provisions as may be necessary or desirable to enable the town to carry out the foregoing project.

The implementation of this vote is contingent upon the Water Commissioners securing Federal and State grants in the amount of at least \$990,000.00.

ARTICLE 27.

VOTED by a voice vote, that the sum of \$8,000.00 be and hereby is raised and appropriated by taxation for the purpose of refurbishing Milliken Field and to increase the size of the present practice field; and to do any other necessary work relating thereto; that the Board of Selectmen be and hereby is authorized to make such contracts and execute on behalf of the Town all necessary documents as it shall deem necessary or advisable in carrying out the foregoing purposes.

ARTICLE 28.

VOTED by a voice vote, that the sum of \$1,500.00 be and hereby is raised and appropriated by taxation to demolish the stone bleachers at Milliken Field and to do any other necessary work relating thereto; and that the Board of Selectmen be and hereby is authorized to make such contracts and documents as it shall deem necessary or advisable in carrying out the foregoing purposes.

ARTICLE 29.

VOTED by a voice vote, that the sum of \$400.00 be and hereby is raised and appropriated by taxation for the purpose of Memorial Day exercises; said money to be expended at the discretion of the Board of Selectmen, and that the amount be added to Folio 38, Memorial Day & Other Celebrations.

ARTICLE 30.

Motion under article 30 defeated by a voice vote.

ARTICLE 31.

MOTION defeated by a voice vote.

ARTICLE 32.

VOTED by a voice vote, that in the event that the Town elects a Charter Commission at the annual election to be held on March 10, 1973, the sum of \$8,000.00 be and hereby is appropriated by taxation for organizational and operational expenses.

ARTICLE 33.

VOTED by a voice vote, that the Board of Selectmen on behalf of the town support legislation to provide that Town Meetings by a 4/5's vote, may amend a school committee budget.

ARTICLE 34.

VOTED by a voice vote, that this article be indefinitely postponed.

ARTICLE 35.

MOTION defeated by a voice vote.

ARTICLE 36.

VOTED by a voice vote, that the sum of \$6,000.00 be and hereby is raised and appropriated by taxation to construct a sidewalk on the easterly side of South Main Street from the River Road to the Town line at Scituate-approximately 3/10's of one mile; that the Highway Surveyor be and hereby is authorized to make such

contracts and execute on behalf of the Town all necessary documents as he shall deem necessary or advisable in carrying out the foregoing purposes.

ARTICLE 37.

VOTED unanimously by a voice vote, that the Town raise and appropriate the sum of \$900.00 by taxation in partial support of mental health services rendered to the town by the South Shore Mental Health Center, during said 1973-1974 fiscal year, funds to be expended under the control of the Cohasset Board of Health and that this amount be credited to Folio 20A, Board of Health expenses.

ARTICLE 38.

MOTION defeated by a voice vote.

Mr. Alan Murphy served notice on the meeting that he will move for reconsideration on Article 30 at the adjourned Town Meeting.

At 11:00 P.M., voted unanimously by a voice vote that this meeting be adjourned until Wednesday, March 7, 1973 at 7:30 P.M.

WEDNESDAY, MARCH 7, 1973

The Moderator opened the meeting at 8:00 P.M. The number of voters present as checked on the incoming voting lists was 291.

ARTICLE 39.

VOTED by a voice vote, that the Town further amend the Town By-Laws by striking from Article 2, Section 1, the word "March" and inserting in place thereof the word "May" so that said Section 1 shall read as follows:

The annual Town Meeting shall be held on the first Saturday in May in each year at 10:00 a.m. The meeting for election of officers shall be held on the Saturday following; the polls shall be open at 8:00 a.m. and they shall remain open until 6:00 p.m. or until such further time as the meeting may vote.

ARTICLE 40.

VOTED unanimously by a voice vote, that the sum of \$9,000.00 be and hereby is raised and appropriated by taxation to repair and rebuild approximately 95 feet of sea wall from Fieldbrook to Lawrence Wharf and that the Harbor Master, cooperating with the Board of Selectmen be and hereby is authorized to make such contracts and execute on behalf of the Town all necessary documents as he shall deem necessary or advisable in carrying out the foregoing purposes.

Mr. Alan Murphy moved reconsideration of Article 30 at this time. A voice vote was in doubt so the moderator called for a hand vote. The motion carried, Yes, 138, to No, 71.

ARTICLE 30. VOTED by a voice vote, that the sum of \$14,000.00 be and hereby is raised and appropriated by taxation for the purpose of repairing and reconstructing the control structure at Cat Dam on Nichols Road and that the Highway Surveyor be and hereby is authorized to make such contracts and execute on behalf of the Town all necessary documents as he shall deem necessary or advisable in carrying out the foregoing purposes.

ARTICLE 41.

VOTED by a voice vote, that the sum of \$8,500.00 be and hereby is raised and appropriated by taxation to repair and rebuild a seawall on Margin Street from the property of John Carzis to the William Cox property; that the Harbor Master, cooperating with the Board of Selectmen be and hereby is authorized to make such contracts and execute on behalf of the Town all necessary documents as he shall deem necessary or advisable in carrying out the foregoing purposes.

ARTICLE 42.

VOTED by a voice vote, that the Capital Budget Committee be and hereby is instructed to study the feasibility of setting up a new combined fire station and municipal garage facility and such other facilities as may be required by the Town and present its report to the next annual Town Meeting.

ARTICLE 43.

VOTED by a voice vote, that the Town By-Law be and hereby are amended by adding to Article 17 "Street Regulations" the following Section 5. No person shall cause or allow the discharge of water upon a public street or way in the town so as to create hazardous conditions. Whoever violates any provision of this Section shall be liable to a penalty of not more than \$20.00 for each offense. The enforcement of the provisions of this section shall be under the building inspector.

ARTICLE 44.

VOTED by a voice vote, that the sum of \$5,211.24 be and hereby is raised and appropriated by taxation to pay the following non-contributory pensioners the cost of living adjustment in accordance with Chapter 32, Section 102 of the General Laws, retroactive to effective date of statute and through December 31, 1972.

James J. Sullivan,	\$3,752.07
Eleanor Downs,	481.17
Hector J. Pelletier	978.00

ARTICLE 45.

VOTED by a voice vote, that this article be indefinitely postponed.

ARTICLE 46. To see if the Town will vote to accept the following revision of the Town Zoning By-Laws; in current residential districts:

All new building construction and alterations of existing properties shall be limited to single dwellings of two and one-half stories or less, within 500 yards of the high tide of the coastline, existing structures in excess of two (2) stories notwithstanding.

Mr. Barry Bronstein reported that no motion will be made at this time.

ARTICLE 47.

VOTED by a hand vote, yes, 132, no, 118, that this article be indefinitely postponed.

ARTICLE 48.

VOTED by a voice vote, that Article 53C of Chapter 44 of the General Laws relating to deposit and expenditure of monies received for off-duty work details of Police be and hereby is accepted.

ARTICLE 49.

VOTED by a voice vote, that the sum of \$5,500.00 be and hereby is raised and appropriated by taxation for the purpose of increased benefits under the Blue Cross and Blue Shield Medical program for all Town employees, and that this amount be credited to Folio 41, Group Insurance-Life and Health.

At 10:15 P.M. a motion was made, seconded and so voted that this meeting be adjourned until Saturday, March 10, 1973 at the Town Hall for the election of Town Officials.

CHARLES A. MARKS, TOWN CLERK

VITAL STATISTICS

Record of Births, Marriages and Deaths Recorded in 1973

BIRTHS

Total number of births recorded was seventy one of which seven were delayed returns and corrections of past years. Of the sixty four born in the year 1973 all the parents were residents of Cohasset. There were thirty males and thirty four females.

PARENTS, BE SURE TO RECORD THE BIRTH OF YOUR CHILD WITH GIVEN NAME IN FULL.

"Parents within forty days after the birth of a child and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the Clerk of the Town where such child is born."

Many times returns are made by doctors and hospitals, before a child has been named. Make certain your child's name is recorded.

MARRIAGES

Total number of marriages was seventy three, including those where both parties were non-residents of Cohasset, fifty one were solemnized in Cohasset during the current year.

DEATHS

Total number of deaths was ninety seven, including residents of Cohasset who died elsewhere and non-residents who died in Cohasset. Of the seventy two who were residents of Cohasset, thirty seven were males and thirty five were females.

REPORT OF THE BOARD OF REGISTRARS

Number of registered voters of January 1, 1973	4497
Added to voting list by registration, etc.	104
Removed from voting list because of removal to other towns, deaths and marriages	248
Total number of registered voters on January 1, 1974	4353

ENROLLED TOTALS

Republicans	1476
Democrats	1107
Unenrolled	1770

Any resident not listed in the Census taken by the Board of Registrars during January and February should inform the Registrars before May 1st.

Meetings for the registration of voters are held at stated times during the year. Notices of these meetings are posted in the Post Office of the Town and in many other public buildings.

Respectfully submitted,
Clarence M. Grassie, Chairman

REPORT OF THE COHASSET DRUG EDUCATION COMMITTEE (C.D.E.C.)

During the past year the Cohasset Drug Education Committee, through the vehicle of the drop-in center, The City, has been able to move beyond the limitations of a "drug center" toward a more broadly based and therefore more effective "youth center." This has allowed the Director and the twelve volunteer staff members to deal with those concerns which precede and aggravate drug abuse. Programs have also been developed which facilitate healthy development as well as a positive use of time and energies.

The City is a unique program for Cohasset in many respects. First, it is the only program that provides an assortment of professional and non-professional services at no cost. This allows all of our townspeople to utilize the resources regardless of the family's income. Second, only a community based program can identify the specific needs of our community and respond with programs to meet our unique needs.

Non-professional services which have been initiated over the past year include: (a) a bicycle repair workshop where our youth can learn how to repair their bikes, (b) a Friday evening coffeehouse with live entertainment, (c) a chess club, (d) periodic dances for our youth, and (e) streetwork designed to reach those who do not visit the center. These programs comprise the outreach component of The City and have been partially responsible for the more than tripling of young people that we have had contact with as compared to the previous year. More than 300 different people have used the center this past year, i.e., approximately 25% of the 12 to 18 year old population.

Professional services have been rendered to more than 100 individuals with the majority of these people seeking individual counseling. Between March 1, 1973 and December 31, 1973, 431 hours were spent in counseling helping both youth and adults resolve their personal conflicts. The range of personal conflicts is only hinted at in our crisis categories which are listed below:

Job placement for 13 individuals
Suicide counseling for 2 individuals
V. D. test and treatment for 8
Runaway counseling for 7

Legal aid for 2
Medical referral for 2
Problem pregnancy counseling for 3
Drug emergencies (overdoses, freak-outs, etc.) for 3
Psychiatric referral for 3
Family therapy for 2 families

Other concerns cover a gamut from conflicts at home and school to marriage problems, drug problems, and dating concerns. In addition, January and February saw the beginning of three adolescent counseling groups.

In an attempt to maximize the delivery of services within town, the Director has established strong communication lines with other services, e.g., school guidance department, clergy, Cohasset Community Center, Social Service League, and other area programs. This has resulted in referrals between agencies, consultation, and overall increased efficiency.

And finally, this year the Drug Education Committee was successful in receiving a grant for more than \$2,300 from the Department of Mental Health based on the merits of The City's program. This was facilitated by successfully meeting the requirements for licensing as a treatment facility by the Department of Mental Health. The effect for the Cohasset taxpayer is to stretch the local tax dollar through state funds resulting in a more effective program. The Committee has also solicited over \$3,000 in private contributions to help finance the operational costs of The City.

In short, this has been an extremely busy and prosperous year in which The City has established itself as the center for our teens. It is with a sense of pride and accomplishment that we look back on this past year and we hope you share these feelings.

Respectfully submitted,

Dr. Bernard A. O'Brien
Dr. Roger A. Pompeo
Chester A. Ellis
Carolyn Dillon
Mrs. Jerome Tosi
Bennett F. Driscoll
Mrs. Edward M. Tuckerman
J. Blake Thaxter

REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen:

The following is a report for the Building Department for the year 1973.

This department issued 179 Building Permits for various structures and alterations and collected \$5785.00.

The estimate cost of all projects for which Building Permits were issued was \$2,996,208.00.

The following is a breakdown of Permits issued.

New Single Family Dwellings	25
Additions on Single Family Dwellings	27
Remodeling and alterations	59
Family Garage	3
Commercial Buildings	1
Swimming Pools (private)	14
Swimming Pools and Building (community)	1
Advertising Signs	22
Fences	8
Stables	1
Moving Buildings	2
Fire damage repairs	2
Apartment House (Housing for Elderly)	1
Family Greenhouse	1
Storage Shed	4
Demolition of Buildings	6

All reported violations of the Zoning By-Law were investigated and appropriate action taken as required.

I would like to take this opportunity to thank all Departments for their cooperation and assistance for the past year.

Respectfully submitted,
James A. Litchfield
Building Inspector
Zoning Officer

REPORT OF THE COUNCIL ON AGING

The Cohasset Council on Aging meets regularly on the second Monday of each month at 3:30 p.m. in the Unitarian Parish House. Council meetings are concerned with the planning and coordination of services for the elder citizens of the town. Council meetings are always open to the public.

The Council continues to publish a monthly newsletter, "Senior Vista" which

reaches a little over two hundred addresses with information regarding social, educational and recreational activities for senior citizens. Any resident of Cohasset desiring to receive the "Vista" may have his name added to the mailing list by calling the Unitarian Parish House (383-1105) weekday mornings.

Two new services have been added to the programs available to senior citizens this past year. First, each Thursday that school is in session we are serving a hot lunch for senior citizens at the Unitarian Parish House. Thanks to the special efforts of Mrs. Patricia Wunschel and her staff these meals are made possible through the assistance of the School Department at a cost of \$.60 a serving. Around 15 to 20 persons have been participating in the program as of this writing. Usually, a movie or some other entertainment follows the meal. Secondly, through the initiative and personnel of the Social Service League we now have a "Keep Well" clinic scheduled along with the regular monthly meetings of the 60-Plus Club at the Parish House on the third Tuesday of the month. At the clinic the town nurse conducts certain routine tests and gives helpful advice on matters of health care and nutrition.

We are very grateful to Mrs. Yolanda Baccari who has attended several of our meetings through the year providing us with a much needed liaison with the Cohasset Housing Authority. We are also appreciative of the efforts and interest of the Social Service League in setting up the "Keep Well" clinic, in conducting a phone survey of the needs of the elderly in the town and in maintaining the "Meals on Wheels" program for those who need meals brought to their homes.

Our greatest challenge remains to establish some program to meet the transportation needs of our elder citizens especially in light of the energy crisis and the increasing cost of maintaining and operating private automobiles.

Respectfully submitted,
Edward T. Atkinson, Chairman
Frances Antoine
Karl T. Christiansen
Kenneth J. Grew
Willoughby Hood
Albert Livingston
Dorothy Morse
Katherine Talarico
Herbert Sherbrooke
Cornelia H. White

REPORT OF THE PLANNING BOARD – 1973

During the past year the Planning Board had a very active and fruitful year. The Board did not witness a large number of subdivisions of any major proportions which required approval under the subdivision control law. However, the Planning Board was required by the Building Inspector's office to review three major proposals for the Cohasset landscape. They were the Black Rock House site proposal, the motel proposal submitted by Mr. Carzis and the recreational facilities of the Cohasset Swim and Recreation Trust. The Board's review of these proposals was not a function of the law but rather an attempt to unify departments relative to the whole Cohasset landscape.

After a year of research, typing and editing, the Planning Board approved an amended edition of the Land Subdivision Rules and Regulations of the Planning Board. The town's subdivision Rules and Regulations had not been updated since 1957. The some sixty pages of the new edition defines in greater detail the subdivision design criteria and accounts for some of the recent development technology relative to road design and drainage.

The Planning Board has hired the Planning Consultants of Richardson and Kalishes to create a new base map for the town. The Town presently has no base map which shows the newer ways or where any reliable scale is found. The present map used by the town was completed in the early sixties by Gilbert Tower, Honorary Town Engineer. When completed the new base map will be able to be used by all town departments for purposes of plotting data and various plans such as sewer, water and drainage systems. The Planning Board shall impose a zoning layout on the base map and the Conservation Commission shall be using the new base map for study purposes and plotting conservation areas and flood plain study.

The Planning Board in conjunction with the Conservation Commission and the Board of Selectmen have made application to H.U.D. for Federal Flood Insurance under the Flood Insurance Program. This program shall permit residents and businesses located in flood prone areas to receive flood insurance at subsidized rates.

The Planning Board anticipates bringing several recommendations before Town meeting for approval relative to town zoning. We are presently studying the sign regulations in an effort to update them and strengthen them. We are reviewing our Cluster Zoning regulation of two years ago. We are also reviewing the entire Zoning By-Law for purposes of complete revision and reprinting. This review is being completed in conjunction with the development of the new base map. There have been several conflicts noted within the text of the Zoning By-Law and it is important for these to be cleared up as soon as possible.

Henry R. Hidell III, Chairman
Thomas E. Morse, Secretary
Julian Rifkin
Nathan Bates
Lawrence W. Ainslie

REPORT OF THE COHASSET POLICE DEPARTMENT

As directed by the By-Laws of the Town of Cohasset, Article 3, Section 3, I herewith submit my report for the Cohasset Police Department for the year ending December 31, 1973.

Parking permits issued to subscribers of Sandy Beach Association for Sandy Beach	132
Guest permits issued for Sandy Beach	201
Parking tags issued, Chapter 90, Section 20C-D	941
Violation Citations issued, Chapter 90C	276
Persons held in protective custody, Chapter 111B	15

Respectfully submitted,
Randolph A. Feola, Chief of Police

REPORT OF THE CONSERVATION COMMISSION

1973 has been a busy year for the Conservation Commission. Considerable time has been spent with regard to the Mass. Wetlands Protection Act, Chapter 131, Section 40 which went into effect October 1972. Already the Commission has held three hearings under the Act, and members have been occupied writing guidelines for our town which will simplify procedures for applicants. Anyone who intends to fill or alter any wetlands should get copies of the guidelines from the Selectmen's office or from a member of the Conservation Commission.

In June, the Commission undertook to underwrite for one year from conservation funds an experimental elm tree treatment program. The work was done over the summer months by Lowden, Inc., a reputable concern in the Northeast area, on approximately ten trees in the Common. It must be emphasized that there is no proven cure for the Dutch elm disease and the results of the treatment will not be known until the trees leaf out again in spring 1974. We were rapidly losing our precious town elms, however, and the Commission felt it was important to take immediate steps to try to save them.

The Commission has engaged the services of Richardson & Kalishes, Environmental and Resource Planners to prepare maps and supportive data, including a soils map inventory, topographic base map, flood plain and watershed district map, all badly needed by the Town. This program will be completed in 1974.

A gift of twenty-seven acres of land by Ambrose Realty Trust is acknowledged

with appreciation by the Commission. The land abutts the railroad right of way off Sohler Street. We hope this action by one concerned group will encourage other citizens to consider gifts of land and/or easements for conservation purposes through the medium of legal provisions in a will or by outright deed.

The Selectmen with the aid of the Planning Board and Conservation Commission applied to HUD for the Federal Flood Insurance Program. If accepted, Cohasset residents and businesses in flood prone areas may purchase flood insurance at reduced rates.

The Commission has long been concerned with the bad litter situation in the public areas of our town. In an effort to help remedy the situation in one area for one winter season, the Commission has arranged for weekly pickup of trash from barrels at Sandy Beach. The Sandy Beach Association has traditionally taken care of beach litter during beach season, end of May through September, but litter has not only rendered the area unseenly but also dangerous (broken glass, etc.) in other months of the year. This is the principal reason why we took on this task on a temporary basis until other arrangements can be worked out.

After many years of dedicated service, Herb Marsh resigned from the Commission. John F. Elliott was appointed by the Selectmen to fill the vacancy. John R. Williams and Whitney Scott were appointed Consultants by members of the Commission.

Respectfully submitted,
Joseph L. Becker
John K. Bryant
Thomas S. Duggan, Jr.
John F. Elliott
John F. Hubbard

Patsy K. Rabstejnek, Chairman

ANNUAL REPORT – HARBOR DEPARTMENT

I hereby submit the annual report of the Harbor Department for the fiscal year 1973 to 1974.

The failure of boat owners to heed the regulations of the harbor pertaining to increasing the size of their boats without waiving notice with this office, has resulted in the loss of mooring space for previous mooring holders. This has also caused much confusion and dissatisfaction amongst all boat owners. A person who places a boat of larger size on a mooring is liable for all and any damages done to other boats.

The attempt of placing racks and floats bow and stern has worked out very well and will eventually handle all boats under 20 feet.

Due to the increased flow of boats entering the harbor there will be a much stricter enforcement of regulations pertaining to speed and the abuse of tying of

boats to town floats over the allotted time.

The department has requested maintenance dredging in many areas of the harbor. This means I will need the full support of all concerned citizens to make this come about.

In closing I wish to thank all who assisted the department this past year, with co-operation and many efforts.

Sincerely,
Harry H. Ritter, Harbormaster

REPORT TO THE BOARD OF TREE AND PARK COMMISSIONERS

1973 was a busy year for the Tree and Park Department. The Elm Street Project with the reconstruction of the road meant most of the trees which were diseased and dying had to be removed. We managed to save some of the smaller trees by moving them with heavy equipment during the construction of the road. After the road was finished we planted 19 trees of 5 varieties.

Tree planting was done on roadside where large trees had been removed, on some of our parks and also 4 cherry trees around the pond in the Common.

The spray program was kept to a minimum this year with no heavy outbreak of insects or disease.

The Tree Department spent a lot of time this summer working with Lowden, Inc. on the Ceratocide Experiment Program for a cure for Dutch Elm Disease. This project was sponsored by the Conservation Commission. Ten Elm trees were treated on and around the common. The result from this treatment will not be known until summer of 1974.

Another project completed was the Milliken Field Football area rebuilt by a local contractor. The Tree and Park Department installed an underground watering system for the field while under construction.

Pruning and tree removal goes on all year round when the department is not on a special project.

The Park Department also maintains all the school grounds as well as our parks and common and pond.

Respectfully submitted,
Bradley G. Martin
Tree and Park Superintendent

ANNUAL REPORT OF OPERATIONS

SOUTH SHORE MOSQUITO CONTROL PROJECT 1973

Submitted herewith is a report of the South Shore Mosquito Control Project's activities for the period November 1, 1972 to October 31, 1973.

The Project is a year round operation, a community cooperative effort to abate mosquitoes in the City of Quincy and Towns of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth. These communities comprise an area in excess of 172 square miles that inhabits a population of 250,000.

The project came into being in 1953, was set up under Massachusetts General Law, Chapter 252, pertaining to mosquito control and Chapter 112, Acts of 1931, pertaining to salt marsh ditch maintenance and performs under these statutes.

The Project's activities can be classed under three distinct methods of mosquito abating: Source Reduction, Larvaciding and Adulticiding.

A. Source Reduction: a planned water management program, whereby stagnant and brackish water is made to drain off, made to flow, or in some instances, to impound an area above a mosquito breeding depth. In source reduction, the following works were accomplished:

1. 319,170 feet of mud, silt, sand and shale was excavated in salt marsh areas.
2. 7,725 feet of fill was excavated in the construction of new drainage ditches in both salt marsh and inland areas.
3. 10,000 feet of cleaning sand, gravel, growth, and other obstructions from brooks and streams of the inlands.
4. 12,900 feet of small trees, brush and other growth was cut and removed to allow access and facilitate mosquito operations.
5. 2,375 man hours was spent in source reduction works.

The Project operates two crawler tractors of special design for soft terrain. One, an International 500 with backhoe and winch; the other an Oliver OC4D with backhoe and scavel blade, the latter to be turned in toward purchase of a new model International 500-C. The delivery and operation of this machine is anticipated in early 1974.

B. Larvaciding: the application of a chemical insecticide to the waters actually having mosquito larvae present. In the larvaciding operation, the following works were accomplished:

1. 4,322 gallons of insecticide was applied by ground operations with back pack and power sprayers to treat approximately 8,000 acres.
2. 1,383 gallons of insecticide was applied to treat 21,489 storm catch basins.
3. 2,750 gallons of insecticide was applied from both helicopter and fixed wing aircraft to treat 11,000 acres of woodland

swamps and marginal pools to abate the spring hatch mosquito, *Aedes Canadensis*, the vector of dog heartworm.

4. 1,625 man hours was spent in larvaciding works.
5. 805 man hours was spent pre and post checking mosquito larvae sites to plan and evaluate spray operations.

C. Adulthooding: the application of a chemical insecticide, in an atomized form or fog, to the air space and resting sites of the adult or flying mosquito. Adulthooding is done by power equipment from vehicles, back pack sprayers, on foot, and in limited amounts from aircraft. In adulthooding operations, the following works were accomplished:

1. 20,717 gallons of insecticide was applied to treat an approximate 44,000 acres.
2. 2,200 acres were treated by aircraft to the critical Encephalitis areas.
3. 2,711 man hours was spent in adulthooding works. The emphasis on type of mosquito abatement is determined by what the weather and biological conditions a season might bring. This past seasons main effort was put in adulthooding, the reason being this area had a very mild open winter followed by a warm, earlier than usual spring, accompanied by heavy rains that continued on into midsummer that produced a bumper mosquito population. This past season experienced an outbreak of Eastern Equine Encephalitis, in both the birds and horses. Although not as serious as past epidemics, it did cover a much wider area including the states of New Hampshire and Rhode Island, as well as the whole eastern part of Massachusetts, including the islands. These two conditions gave the Project's phone it's busiest season on record. 1,684 calls for service were received. These all were answered.

All insecticides used by the Project are extensively tested and approved before being registered by the U.S.D.A. and the Massachusetts D.P.H. Pesticide Board for mosquito abatement operations.

These insecticides are:

- A. Malathion - for adulthooding at rates of .02 to .05 pound active to acre.
- B. Abate - for larvaciding at rates of .03 to .04 pound active to acre.
- C. Fenthion - for larvaciding in polluted waters and for limited adulthooding at rates of .03 to .06 pounds active to acre.

The label's recommended, formulation, dosage and safety precautions, are abided by at all times.

- ✓ All Project's personnel are duly licensed for the safe handling of pesticides.

The Project wishes to acknowledge all assistance it has received from both Public Works Departments and officials.

REPORT OF THE WIRE DEPARTMENT

To the Honorable Board of Selectmen

I hereby submit my report of the Wire Department for the year 1973.

The year began with the fire alarm having to be completely done over on Elm Street, due to Chapter 90 work.

The moving of all poles made it impossible to use the existing wires. A transfer was needed to buy cable to run the length of Elm Street to complete the project.

Other areas of Town rewired included, the Cove, center of Town, all of Hull Street, Lamberts Lane, Reservoir Road, and part of Highland Avenue. Four new boxes were installed in these areas to give better protection. Fire boxes along Atlantic Avenue were replaced due to salt water damage and age. Cross arms and hardware were replaced where needed and most all fire boxes were painted. Testing of boxes is being done on a weekly basis.

Town Owned Buildings

All repairs of electrical equipment and wiring was done by this department.

Wire Inspection

All work done by electrical contractors was inspected by the department and the fees turned into the Town Accountant.

I wish to express my thanks to the Honorable Board of Selectmen, to all Town officials, and to the men who worked with me.

Respectfully submitted,

Stephen F. Wigmore
Superintendent of Wires

REPORT OF THE GOVERNMENT ISLAND COMMITTEE

This Committee, pursuant to the vote and appropriation at the March meeting of 1972, completed the repairs to the wall at the Border Street entrance early in 1973 as planned. Members of the Committee and volunteers have worked in the restoration and cleaning of the grassy areas of the site and there will be a need for more of this work this spring. The Tree and Park Department have been most helpful in clearing and removing dead trees and weeds in the wooded section of the site and their assistance is noted and appreciated.

Meetings were held at times during the summer concerning the parking problem which was getting out of control. It was recommended that the Selectmen develop regulations to meet the weekend needs of the Townspeople at the Island. Steps were taken to discourage indiscriminate parking by non-townsmen, particularly on weekends. Because of the increased pressure on the limited parking facil-

ity now available it is quite apparent that action must be taken in the near future to increase the parking area.

As a result of further study by the Committee and in order to control the use of the proposed parking facility this Committee feels that a single access parking lot can be constructed in the area Easterly of the present buildings and Southerly of the present parking lot turnaround.

Recommendations as to the means required to accomplish this will be made at Town Meeting.

Respectfully submitted,

Edwin A. Young, Chairman
Rocco F. Laugelle
Harry H. Ritter
Mary Jane McArthur
Edward Figueiredo
Herbert R. Towle

COHASSET HOUSING AUTHORITY

The year 1973 began as one filled with delays and frustrations in our efforts to see the long planned Housing for the Elderly into construction. However, through persistent and time consuming efforts, our planning and construction difficulties have been solved and we are now able to anticipate a summer dedication of a completed project of 64 units.

Applications for residency are being processed consistent with D.C.A. requirements.

Very truly yours,
Yolanda Baccari
James R. DeGiacomo
Samuel Hassan
Mary Jeanette Murray
W. Chester Browne, Chairman

REPORT OF THE COHASSET FIRE DEPARTMENT

To the Honorable Board of Selectmen:

I herewith submit the annual report of the Fire Department for the year ending December 31, 1973.

INVENTORY of AUTOMOTIVE EQUIPMENT of the FIRE DEPARTMENT

COMPANY	TYPE OF EQUIPMENT	STATIONED	MAKE	YEAR
Engine 1	750 GPM Triple Combination Pumping Engine	Headquarters	Pirsch	1961
Engine 2	750 GPM Triple Combination Pumping Engine	North Cohasset	Pirsch	1954
Engine 3	500 GPM Triple Combination Pumping Engine	Beechwood	Mack	1950
Engine 4	500 GPM Pump - 400 gallon Water Tank	Headquarters	Ford	1953
Ladder 1	65 feet Junior Aerial	Headquarters	Pirsch	1947
Forest	500 GPM Pump - 400 gallon Water Tank	Headquarters	Dodge	1955

MISCELLANEOUS VEHICLES

TYPE OF VEHICLE	DEPARTMENT USE	MAKE	YEAR
Four door Sedan	Chief's car	Ford	1973
Panel Truck	Lighting Plant (Department Built)	Ford	1953

As in the past years the preventive maintenance program has been carried on, with the apparatus getting semi-annual check-ups aimed at preventing a major mechanical failure. Tune ups and adjustments were made by the department mechanic as well as oil changes, filters and lubrication of the chassis of the various pieces of motorized equipment.

The 1,000 GPM pumper authorized at the Town Meeting of 1972 is at an advanced stage of construction and barring any shortage of materials or equipment should be available in the spring.

As stated in previous annual reports, . some serious thought is going to have to be given to the sub-stations at Beechwood and North Cohasset. The structural features of these two buildings seriously limits the replacement and relocation of apparatus. The above inventory of apparatus indicates the age of the equipment in service and the need for replacement in the near future.

STATIONS and EQUIPMENT

The Tone Controlled Radio Receivers were purchased after preparation of specifications and public bidding. This system was put into service the latter part of 1973 and the results have been most satisfactory. As with any new system adjustments and changes in procedure were necessary, but we were able to reach

the Call Firefighters quickly and more reliably.

Five new units of self contained breathing apparatus were purchased after preparation of specifications and competitive public bidding. These additional units were required to meet the requirements of the General Laws. The reason behind this law was to help prevent the greatest source of injury to firefighters – smoke inhalation. With the increased use of plastics, foam rubber and other synthetic materials smoke and toxic gas generation has greatly increased.

TRAINING

During 1973 all of the permanent firefighters and officers, and several call firefighters and call officers completed training in Advanced First Aid conducted under the American Red Cross.

Three fire department members, Firefighter Richard M. Conley, and Call Fire Captains Clifford J. Dickson and John M. MacNeill have attended and will complete in the near future the Emergency Medical Technicians training given at Milton Hospital. This is excellent training and of great value to the Town of Cohasset. It is the intention of this department to have additional members take this training as it becomes available.

The practice of in-service training was stopped during the period of road construction on Elm Street due to the uncertainty of response. During this same period and continuing to the present the construction at the rear of the Police and Fire Headquarters Building for the Housing for the Elderly has prevented any outside activity in the rear yard.

SUMMARY of INCIDENTS

AUDIBLE ALARMS	117
STILL ALARMS	207
	324

The above incidents are broken down into classifications as follows:

First Aid	28
Mutual Aid to	
Hull	17
Scituate	7
Hingham	4
Grass, Brush and Woods	21
Dump and Rubbish	6
Buildings	36
Auto Accidents	14
Automobile, Truck and Boat Fires	18
Gasoline washdown	10
Oil Burners	10
Assisting Persons and Animals	21
False Alarms and Hoax Calls	18
Smoke - Gas - Odor Investigations	28

Needless - Faulty Alarm or Sprinkler System	16
Dewatering Boats and Basements	31
Broken Water Pipes, etc	9
Electrical - Wires and Appliances	11
Miscellaneous	19

The number of False Alarms and Hoax Calls has been reduced again this year. 1971 - 49, 1972 - 32, 1973 - 18. While the number is again reduced the percentage is still too high. The continued cooperation of all citizens with the fire and police departments is required if the persons involved are to be apprehended. Remember, when the fire and police departments are involved with a false or hoax call you might require the services of either or both departments.

GENERAL COMMENTS

During the year the Fire Department lost the services of two members through retirement and one by death.

Call Firefighter Norman J. Delaney passed away on September 15, 1973. Norman served the department and the Town of Cohasset with interest and desire for thirteen years.

Call Fire Captain Charles W. Frates retired August 15, 1973 after serving the department and the Town of Cohasset for forty-three years. Captain Frates was an excellent firefighter and officer.

Deputy Chief Cornelius J. O'Brien retired March 31, 1973 after serving the department and the Town of Cohasset for thirty-two years. He was appointed as a firefighter in 1941, a Captain in 1948, and Deputy Chief in 1956. He had the distinction of being the first permanent fire captain and the first permanent deputy chief. Deputy Chief O'Brien served the department and the Town of Cohasset with a great deal of zeal and devotion to duty.

CONCLUSION

In conclusion I would like to extend the thanks of this department to the citizens of Cohasset, the Board of Selectmen, the heads and members of all town departments and boards.

To the Officers, Firefighters, Call Officers and Call Firefighters I would like to extend my sincere thanks and appreciation for performance of their assigned duties in a cooperative and diligent manner.

Respectfully submitted,
Charles Piepenbrink
Chief of Fire Department

REPORT OF THE COLLECTOR OF TAXES

January 1, 1973 to December 31, 1973

PERSONNEL COMMITTEE

The Personnel Committee has met regularly on the second Tuesday of the month until November when it began meeting on the second Wednesday of the month and in addition as often as was necessary to take care of its business.

The committee has met with all individuals and groups who have desired to discuss personnel problems.

The committee has diligently sought to be fair and understanding in the discussion of personnel problems and at the same time keeping in mind the overall problems of the town.

During the year the Personnel Committee has compiled a major project with the compilation of a record system of every individual on the town's payroll, covering every phase of the employees employment. A master file of these records is on file at the Town Hall, and each member of the committee has an identical record. Keeping this record up-to-date is a constant effort and it is succeeding.

We regret the resignations of Charles C. Ford and John MacNeill after giving the committee many hours of valuable time and experience. We thank them for their services.

David Chittim succeeded Mr. Ford. Mr. James F. Kearney is succeeding Mr. MacNeill.

The Personnel Committee is always available for meetings with individuals or groups who wish to discuss problems related to their employment with the town and we shall do our utmost to help them.

Frank B. Chatterton, Chairman
Kenneth B. Cook
David Chittim
John Trayers

TOTAL CIRCULATION					81,788

Correction to 1972 report: 854 adult nonfiction books purchased last year were not reported (error in addition) and are added above. Of the books purchased this year, 32% were paperbacks, quality and mass market.

GIFTS: Many people are contributing used books and magazines, some of which the library keeps. The rest are put on the free exchange table, or in the Friends of the Library book sale, or forwarded to the Norfolk County House of Correction. Sheriff Hedges has written several times expressing the appreciation of the men there, especially for outdoor and sports magazines.

A number of individuals purchased new books and subscriptions, sometimes in memory of a loved one. An appropriate book plate is placed in such gift books. The librarian is glad to advise anyone who is considering such a gift.

The following major gifts were made to the library:

Friends of the Library:	built-in bookcase in lobby	\$300
	printing and mailing new library brochure	380

Donald T. Gammons:	40 volumes added (1969-1973) to the music collection; valued at	564
Alice Stewart Nisula:	for a development fund	100
Anonymous:	McGraw-Hill Encyclopedia of World Art, 14 volumes	600
Ron Beal:	three pieces of library furniture, valued at	600

FRIENDS OF THE LIBRARY: This dues-paying voluntary association of 150 members (all are welcome!), June Hubbard, President, chalked up another record year in service to the community. In addition to the gifts mentioned above, the Friends contributed 1,862 hours (up 36% over last year) in the library assisting the staff. Committee chairman contributed additional time and talent in arranging exhibits, conducting a successful book sale and auction, sponsoring eight children's film programs (average attendance, 67), eleven adult "classic film" programs (average attendance, 26), and a program on wildlife photography presented by Dr. Uve Hublitz of Cohasset.

FILMS: Library handling of 16mm films from the Regional Library System/ Boston Public Library increased greatly during the year. In addition to film programs in the library, the library placed reservations and handled delivery of 53 films to seven organizations. Total attendance at these film programs, by organization, was: Cohasset schools - 472; Community Center - 440; Cohasset Knoll - 206; others - 101.

A YEAR OF EVALUATION: From the beginning of the year, the library trustees and the librarian have been looking at the library operation carefully to see what can be done about shortcomings that are limiting services. The trustees formed a subcommittee on long range planning which read material on library services and goals, and which met in several working sessions with the librarian. This subcommittee soon determined that immediate critical problems were: 1) inadequate shelving for the book collection, and 2) inadequate workspace for staff duties. The subcommittee submitted a written report to this effect to the library trustees for discussion and action. The solution the trustees arrived at, and will ask funding for in 1974, is to put new bookshelves and two work stations in the Art & Music Room (meeting room downstairs). We regret very much the necessity to sacrifice the library's meeting room where this year we have had movies, yoga classes, French classes for children, story hours, and numerous community group meetings. But the town has other meeting places, and the library needs the space for books.

The librarian submitted several written memos and statements to the board throughout the year in an effort to sharpen our definition of what the public library is all about. A report in August, "Deficiencies in Library Administration and Services and a Proposed Solution," tried to outline the improved and new services the library should be moving toward. The recommendations of that report will be given further study in 1974, and the long range planning committee will continue to study the direction the library should take beyond the immediate task of alleviating overcrowding of present book collection and staff activities.

Citizens who are interested in these matters are cordially invited to express themselves in writing or in person to me or any member of the library board of trustees.

Respectfully submitted,
Richard E. Hayes, Chief Librarian

REPORT OF THE BOARD OF WATER COMMISSIONERS For the Year 1973

The Town Meeting of March 1972 approved a total appropriation of 2.5 million dollars for the construction of new water facilities. This amount will be reduced by 994,000 dollars from an approved H.U.D. Grant. Your Commissioners have, since that time, worked diligently with many other Federal and State Agencies to obtain all necessary approvals. Special legislation was enacted, easement and management agreement worked out with the Department of Natural Resources and land acquisition are but a few of the problems that have faced the Board. At this writing, it appears, that these and many other obstacles have been overcome. Plans & Specifications are now being drawn and construction will begin by Fall of 1974.

This being one of the wettest years on record, the Water Department was able to keep up with the demands on the system in spite of the continued growth of the Town.

Our records show twenty one (21) new accounts being activated this year. Sixteen hundred and fifty feet (1650) of new 8" main and one thousand feet (1000) of new 6" main and six (6) new hydrants were added to the system by private developers.

The total distribution of water for 1973 shows an increase of twenty two (22) million gallons over the preceding year.

In early spring a professional leak survey was conducted and many otherwise undetected leaks were located and repaired, resulting in considerable saving of water.

The system and the department buildings and property are continuously maintained by department personnel and are in good condition.

The financial condition of the department continues to be sound and operating within its revenue.

The Board of Water Commissioners express their thanks, at this time, to all Town Officials, Department Heads, and Committees for their cooperation and to the Superintendent and personnel of the Water Department for their continued loyal support.

Respectfully submitted,
BOARD OF WATER COMMISSIONERS

Alan S. Murphy, Jr., Chairman
Rocco F. Laugelle
David B. Buckley

REPORT OF THE TOWN TREASURER

January 1, 1973 to December 31, 1973

BALANCE IN TREASURY — January 1, 1973	\$ 711,544.97
Received from Collector of Taxes	4,649,235.24
Received from Town Collector	27,347.59
Received from other sources	4,286,005.35
	<u>9,674,133.15</u>
Paid Selectmen's Warrants No. 1-248	<u>8,594,390.95</u>
BALANCE IN TREASURY — December 31, 1973	<u>\$1,079,742.20</u>
Rockland Trust Company	86,914.99
State Street Bank & Trust	46,647.28
Rockland Trust Company (payroll acct.)	85,000.84
South Shore National Bank	144,153.79
New England Merchants	46,325.67
Boston Safe Deposit & Trust Company	518,909.18
Norfolk County Trust	909.20
First National Bank	132,813.25
South Shore National Revenue Sharing	17,968.00
Cash in Drawer	100.00
	<u>\$1,079,742.20</u>

Respectfully submitted,

Gordon E. Flint
Treasurer-Collector

REPORT OF THE BOARD OF ASSESSORS

Our 1973 financial report is as follows:

Total Valuation, 1972		90,820,663.00
Total Valuation, 1973	92,449,825.00	
Increase in Valuation		1,629,162.00
Town Grant, Annual Town Meeting, March 3, 1973		7,258,956.24 5,324.23
Overlay Deficits		
Amounts required to be raised:		
School Lunch Program	17,216.64	
Free Public Libraries	5,215.50	
Racial Imbalance Program	39,451.00	61,883.14
County Tax and Assessments		
County Tax	143,767.22	

County Hospital	2,850.40	146,617.62

1973 REPORT OF COHASSET'S REPRESENTATIVE TO THE SOUTH SHORE REGIONAL SCHOOL DISTRICT COMMITTEE

Cohasset students continue to underutilize the opportunity to gain vocational knowledge and skills. Our share of a capacity enrollment of 340 boys has dropped from 12 to 8, four times less than permitted by our quota. It is hard to believe that the people of Cohasset have the idea that vocational training is degrading and an admission of failure.

The proof of the success of this school is the placing of all graduates in jobs or further education, both of which utilize occupational competency developed at the school. The following Cohasset students graduated in June 1973:

Sherwood C. Ainslie, III
Mark P. Delaney

Mark Koopman
William E. Ricketts

In May agreement for a two year contract was reached with Local 1896, American Federation of Teachers (AFL-CIO) after 6 joint negotiating sessions with the committee and its attorney. The highlight is a 5.5% salary increase in September of 1973 and 1974 when the range will be \$10,708 to \$15,561 with an average of \$13,985.

Progress toward proposing a definitive plan of expansion including opportunities for girls has been slower than the committee desired. Contact has been made with the Commonwealth's Bureau of School Building Assistance and an architect has been hired on a limited consulting basis to analyze the capabilities of the school's grounds for handling additional sewage. Studies are being made to develop data on area demands for various occupations. This is necessary to insure that there will be a job market for all programs after the school has expanded.

During the current year the committee began meetings with the instructors for each trade and associated members of the Industrial Advisory Board. We learned about the problems in the various shops and had first hand reports from the advisors on the relevancy of a teaching program to the actual job. In general, we have found great satisfaction with the skills and job attitudes of our graduates. Suggestions for areas of change or improvement have been useful to the committee.

Dana Green, a student from Cohasset, has been an active member of the student advisory committee, which attends the committee's meetings.

Sports at Vo-Tech have had a good year. The soccer team was second in the South Shore Soccer League. Hockey participants are building a good group having a junior varsity for early preparation. Baseball, basketball and intramural sports give all boys a chance. Dancing, too, has many participants.

The students have been active in helping the community. A great drive for clothing and food was held to help the Chelsea fire victims immediately after that disaster in October.

In Hanover, the boys are building quarters for the Hanover Historical Society in the basement of the Curtis Free Library. In Norwell, in out of school hours, boys are continuing the work with South Shore Natural Science Center by cutting out trail paths. For Norwell's Tree Department and Abington's Park Department, large trailers have been built in the metal fab shops. In Abington, the electrical department wired the building of the Veterans' of Foreign Wars new building. In September of 1974, a home will be built on Country Way, Scituate.

A student initiated Driver Education program is in progress and is well attended with students paying a major part of the fee. Remedial reading under the able direction of Mrs. Portia Mears has proved invaluable. Personal health information and needs for the present and future lives of our young men are ably supervised by Paul Blanchard of the Physical Education Department and school nurse Mrs. Frances Molla.

For September 1974, plans are being made for an Entry Skill Program for boys

who were unable to get into Vo-Tech because of lack of space or requirements for acceptance. Rockland, a member town has asked for such a program. In 1966, there was a similar program but it was not successful due to poor coordination among the towns. This program would be after regular school hours and to be a success it will require careful planning and cooperation by member town school administrations with this school.

The slower and less than normal payment and general uncertainty of reimbursements owed by the Commonwealth is becoming a serious financial problem. Unless payments resume their legal schedule there will be further burden on the property tax. At year end the Region claimed approximately \$350,000 from the State.

The school, located on Route 123 one mile west of Route 53, welcomes visitors. Plan a visit so you may better understand what a valuable asset we have available in our educational system.

Respectfully submitted,
Sumner Smith, Jr.
Cohasset Representative

REPORT OF THE RECREATION COMMISSION

The Recreation Commission counts the summer program as its most successful accomplishment of the year. Thanks to the school department, the Osgood School was available for rainy day activities and access to the lavatories.

Field trips this year included Edaville, a boat trip to George's Island and Fort Warren, Southwick Animal Farm and to Battleship Row in Fall River.

Friday's were beach days and the Eddie Pellagrini - Coca-Cola - W.H.D.H. Baseball Clinic was held at Barnes Field.

Once again the tennis program was most popular. A fee was charged to supplement the Recreation's budget.

Evening basketball at the Osgood courts was well attended. It appears the installation of lights has been worthwhile as young people are frequently using the courts.

Band concerts were enjoyed by all ages even when moved to the high school due to rain.

This spring should see the installation of lights and playground equipment at Milliken tennis courts. Our thanks to those who have given their time and knowledge in making this possible.

In the future we hope lights will be placed at the High School tennis courts. Cohasset is lacking in public courts and without lights the great number of people

interested in this sport cannot be accommodated during day light hours. We would also like to see a centralized recreation program encompassing all ages. As it stands now each activity is under a different organization.

Respectfully submitted,

A. Patrick McCarthy, Chairman
Hamilton Tewksbury
Robert Knox
Henry Young
Edward Bates, Student Representative

SEALER OF WEIGHTS AND MEASURES

I hereby submit my report as Sealer of Weights and Measures for the year ending December 31, 1973.

A total of one hundred and twenty-five (125) weighing and/or measuring devices have been tested and sealed.

The amount of One Hundred and Sixty Eight Dollars and Seventy Five Cents (168.75) for sealing fees was collected and paid to the Town Treasurer, Cohasset, Massachusetts.

Respectfully submitted,

Benjamin F. Curley, Jr.
Sealer of Weights and Measures

REPORT OF THE HIGHWAY DEPARTMENT

Submitted herewith is the report of the Highway Surveyor for the year ending December 31, 1973.

In 1973, the Highway Department experienced the high costs of doing business, road materials, equipment rentals, and costs of repairs were some of the soaring items. The coming year does not look much brighter.

The budget for 1974 will increase less than 2%. This will allow the department to operate about the same.

The department followed its regular maintenance program. In the spring, streets were swept, basins cleaned, street lines painted, signs painted and repaired. The work on Redgate Lane was completed as well as the much talked about Elm Street. I wish we had 45 miles of road just like it.

In 1974, the drainage system on Linden Drive will be started. New pipes and basins will be installed.

The structure at Cat Dam should be started. The State Department of Waterways is working on the engineering plans. The \$14,000.00 should complete the job.

One and one half miles of mix in place was laid on various streets and private ways and 15,000 gallons of liquid asphalt was used to seal different roads.

There are two articles pertaining to highways this year. One is the bond issue which the town has received. It is in the Treasurer's Office. The other will be an article on State Aid. This article, if accepted, will take the place of Chapter 90. The state abolished the Chapter 90 program and replaced it with a State Aid program.

I wish to thank the men of the department, town officials and the citizens who have helped me during the year.

Respectfully submitted,
Louis C. Bailey, Jr.

REPORT OF THE BOARD OF HEALTH

Personnel

John F. Campbell
Health Agent, Inspector of Animals

Tai Jin Chung M.D.
Pediatrician, Well Baby and Well Child Conference

Elizabeth Staples and Mrs. Young
Public Health Nurse, Nursing services by contract
with the Social Service League

Joseph Laugelle
Superintendent of the Town's Disposal Area

Charles T. Patroliia
Plumbing Inspector

Donald Clark
Plumbing Inspector

The role of public health is the protection of health and the promotion of human comfort and the well-being through control of man's environment. The population increase and the diversity of human activities which have accompanied that increase have intensified environmental control difficulties in those areas. The environmental and human problems during the decade have generated new laws and new concepts of basic health services, which have been taken for granted and were able to be postponed but are now mandatory. First of all we must operate our disposal area as a Sanitary Landfill operation. One of the provisions of Section 150A, Chapter 111, of the General Laws of the Commonwealth of Massachusetts states: "No Sanitary Landfill facility shall be hereafter constructed or opera-

ted unless the proposed use and the plans and design data therefore have been approved by the State Department of Public Health.”

In 1973 an engineering consultant was selected for the design of the Sanitary Landfill. The first phase of the project required a property line survey and topographical survey, which are now completed. The design of the landfill utilizing the surveys is presently underway. Since the completed design will probably require a substantial capital outlay and due to time limitations, we expect that the full operation as warranted by the engineering study will not be implemented until July of 1975. We would prefer that state wide funding and or programs become available to the local government to help defray the increase of expenditures anticipated.

Respectfully submitted,
Edward A. McCarthy, M.D., Chairman
Rene G. Chiasson, Secretary
William J. Montuori, Member

The Cohasset Social Service League provides health care to all residents of Cohasset on an intermittent basis. These services are delivered through skilled nursing care requiring specialized knowledge and judgment to maintain health and prevent illness. Under the direction of Mr. Campbell and the Board of Health, we have tested most of the food handlers in Cohasset for tuberculosis. The flu clinic was well attended by the Senior Citizens and apparently was worth while. The Senior

Citizens program of Keep Well is growing and much appreciated by the sixty plus people.

Mrs. Staples, R.N. and Mrs. Young, R.N. wish to thank Mr. Campbell, the Board of Health and the towns' people for making their duties a pleasure and success.

Respectfully submitted,
Elizabeth Staples, R.N.

REPORT OF THE BOARD OF SEWER COMMISSIONERS 1973

The Town of Cohasset in 1961 initiated a program for the development of a public sewerage system with the submission of an engineering report to the Town. This report contained a phased program of sewer construction and treatment plant expansion to service the community's needs as well as alleviate numerous problem areas in Cohasset. To date, only a small portion (approximately 30 percent) of the original sewer construction program has been effected. The Town presently has approximately three (3) miles of sewers and a small (designed capacity of 72,000 gallons per day) biological waste treatment facility to provide treatment to waste water resulting from approximately 180 sewer service connections. This system has provided benefit to Cohasset by eliminating odor problems in the village area, improving water quality James Brook and the inner harbor, and above all, is providing service to the residents of Cohasset.

The Board of Sewer Commissioners has encountered an ever increasing involvement in the administration of the wastewater treatment system for Cohasset. Unfortunately, major segments of the Town such as the Hillside Area, Route 3A Business Areas, the Sohler Street Area, and the Veterans Area, still remain as problem areas while the treatment facility will be at capacity when all 180 service connections are utilized. To service these areas, construction of eight (8) miles of sewers and a major treatment plant expansion will be required.

The Board has presently under regulatory review a comprehensive plan for meeting the needs of Cohasset's future wastewater treatment requirements. Progress in this area has been slowed by the enactment of the Federal Water Pollution Control Act Amendments of 1972. This law has required expansion and elaboration of the engineering report submitted in behalf of the Town to both State and Federal regulatory agencies. Although the intent of this act was to improve the nation's water quality, compliance with its ramifications has actually resulted in a slow-down in the construction of wastewater treatment systems. The Commissioners, recognizing the need for expeditious action on its program for Cohasset, have encountered delay primarily due to regulatory review as a result compliance with the aforementioned federal legislation. Such delay can only result in increases in construction costs, with, in all probability, no major changes in the plan for the wastewater treatment.

This year the Board has reviewed and revised its rules and regulations concerning such areas as sewer connections, sewer use, and cost recovery. Of particular note in these revisions is a sewer use charge based upon the actual consumption of water in each home or business connection to the sewerage system. Although this

will not result in a self-sufficient operation of the waste treatment system, it does provide an equitable basis for charges for this Town service. Copies of these regulations may be obtained at the Sewer Department at 43 Elm Street.

The Town is presently undergoing review by the Federal Environmental Protection Agency for a discharge permit which is required under the 1972 Federal Water Pollution Control Act Amendments. The Town is operating its wastewater treatment consistent with the expectations of performance of a well operated secondary or biological waste treatment plant. In fact, the level of effluent quality exceeds the requirements for such publicly owned treatment works and the Board of Sewer Commissioners do not envision any problems in obtaining a discharge permit. It will require, though, continued support by the townspeople to maintain proper operation and maintenance of the system. Federal and State regulatory dictates are exerting an ever-increasing role in local management of wastewater systems and compliance with such is resulting in increasing operational costs. It is felt that the Town is applying the best practicable control technology for its wastewater management program and the expansion of the sewer system and continued application of effective secondary treatment will not impair the water quality of Cohasset.

This year has brought about a refinement and re-assessment of the treatment needs of Cohasset.

It is hoped that the up-coming year will produce some definition in meeting these specific needs of the community.

Respectfully submitted,
David B. Buckley, Chairman
Rocco F. Laugelle
Alan S. Murphy, Jr.

REPORT OF THE SCHOOL COMMITTEE – 1973

1973 was a busier and more complicated year for the School Committee than 1972; most members of the Committee didn't think that would be possible. Some of the more important events of 1973 will be reviewed in this brief report.

Superintendent James Gray continued his work to develop and maintain a first-rate learning program for the Cohasset schools. In this effort he and the School Committee encountered both support and resistance, resistance which at times reached a point where it disrupted the learning process. One such case occurred in early spring, when the School Committee reached a most difficult and controversial decision not to renew High School Principal Richard Streeter's contract. This decision was unpopular with many and unsettled the High School.

To fill the position of high school principal the School Committee interviewed many impressive candidates. After thorough review the Committee voted unanimously to appoint Mr. Gino DiGirolamo as Principal. The Committee felt that he was uniquely qualified because of his background (B.S. from Merrimac College and M.Ed. from Boston University), his teaching experience (four years as math teacher in New Britain, Connecticut; fourteen years as math teacher in Cohasset High School, seven of those years as department chairman and three as assistant principal), and his thorough knowledge of Cohasset High School's faculty and students.

Another major decision, made by the School Committee in April, was to separate the junior high school administratively from the senior high school. The decision followed from the fact that the junior high student is at a stage of physical and mental development when he needs an environment that will foster his own identity, difficult to achieve in a "mini high school." This view is supported by the Committee, the Administration, and many parents. Had the junior and senior high schools remained as a unit, enrollments would have been too large to continue the individual attention expected by Cohasset parents. In addition, the faculty in recent years has increased to a size that makes it difficult for one administrator to conduct thorough and meaningful teacher evaluations.

In September 1973 the Committee appointed Dr. George Richmond as junior high school principal. Dr. Richmond received his B.A. from Yale University, his M.A. from New York University, and his Ed.D. from Harvard Graduate School. His teaching experience has been varied. The Committee was confident that he could design a stimulating learning program for the seventh and eighth grades and develop a new school that would meet the needs of this age group.

A significant achievement of 1973 was the reorganization and implementation of the special education program. One major goal was to identify students who actually or potentially had learning difficulties; another was to develop proper student remediation and evaluation programs. To accomplish these goals required staff reorganization, involvement of additional specialists, and development of teaching teams. These steps will lay the foundation for meeting the requirements of Chapter 766, effective September 1974. Through the reorganization of the special education services we increased the reimbursement from the State Depart-

ment of Special Education from \$57,882 received in 1972 to \$214,763 in 1973.

During 1973 the school system was in the midst of a 2-year teachers' contract that has been in effect since September 1, 1972. Negotiations on the 1974 teachers' contract were just beginning at the end of 1973.

The current teachers' contract seems strongly favorable to Cohasset teachers when measured against contracts in many other towns throughout the State. Yet the Cohasset teachers managed to file eleven grievances under this contract. They made no real effort to settle the issues within the system, but proceeded to take the cases to binding arbitration. Through December all decisions have been ruled in favor of the School Committee.

Among the cases that have been settled in favor of the Committee are:

1. Group grievance — Right of the School Committee to eliminate the stipend and reduce the number of department chairmen and assistant principals.
2. Teacher — Right of the Committee not to reappoint a nontenured teacher.
3. Evaluation — Right of the Committee to adopt a faculty evaluation policy.
4. Change in school calendar — Right of the Committee to designate the day for professional improvement.

Unprofessional attitudes and action on the part of the Massachusetts Teachers' Association and the Cohasset Teachers' Association characterized much of 1973. The Massachusetts Teachers' Association attempted to pressure one School Committee member to resign by threatening his livelihood. This kind of behavior produced only conflict, unhappiness and a poor learning environment during the spring of 1973. The Committee feels that most Cohasset teachers are professionals who desire to do their very best. We hope that the attitude of these teachers will encourage the growth of a healthy educational environment.

The Cohasset School Committee wants to assure a strong, vibrant, and rigorous educational program that will provide the best learning experience for each child for each dollar spent. Children are not all alike; each may need a different kind of stimulus to gain the most from an educational experience; each is an individual with his own abilities and needs. But there is one goal that is the same for all the students, and that is to maximize each one's learning experience in the Cohasset schools. If all the townspeople, not just a vocal few, take an active interest in the schools, then Cohasset can be assured of an excellent school system.

SCHOOL COMMITTEE

SUPERINTENDENT'S ANNUAL REPORT – 1973

The schools were faced with some difficult and far-reaching decisions during 1973. The School Committee, in an effort to stem the spiralling costs of education, took measures to reduce expenditures before the budget was presented to the electorate. The reduction was affected by eliminating driver education at the Senior High School, elementary foreign language at the Deer Hill School, and the position of librarian at the Osgood School; by employing library technicians instead of teaching librarians in two schools; by developing a satellite feeding program, which eliminated four cafeteria employees; and by eliminating in the elementary schools positions in the area of guidance, reading, learning disabilities and classroom instruction.

The community, however, felt there still was not a sufficient check on the increased costs and requested at Town Meeting that further reductions be made. The School Committee followed through and recommended \$102,000 in cuts. These were accepted by the Town. The cuts entailed the elimination of department chairmen in all departments with less than four teachers; standardized testing, except in alternate years, in the Senior High; instrumental music position; specialized services for the Child Study Team; one secretary and four teacher aides; and reductions in the athletic and student activities account.

The problem of increased costs is still with us. As long as the support for schools rests chiefly on the property tax, it will continue to be a tremendous burden to the individual homeowner. As 1973 ended, the costs of materials and basic items such as paper, food, fuel oil and gasoline (if available) increased to astronomical figures; for instance, a barrel of oil costing \$4.00 in January 1973 had increased to \$8.00 a barrel in December 1973. These rising costs, on top of negotiated salaries for 80 percent of the school cost, require on the part of the community some somber assessment to determine realistically what Cohasset wants for its schools and what it can afford.

During 1973 the community and schools completed an appraisal of goals suggested by the State Board of Education. If the community's major goal for its students is the acquisition of knowledge and skills, then Cohasset rates average in some areas. But if Cohasset's objectives are aimed at the higher levels of cognitive development, that is, to have students who can think, analyze, evaluate, and construct new ideas and models, then serious gaps exist that will demand our attention in the years ahead. We are concerned when the responses to one question in the goals survey, "What future and alternative programs would be developed should additional state funds be made available?" was simply "more of the same" or an expansion of existing programs. This philosophy cannot continue if Cohasset is to meet its obligations to its children, the community, and society.

Progress was made in the schools effort to provide for individual differences in students by considering multiple options for students, teachers, and parents. Changes were instituted to lay the foundation for a more personalized approach to education. The Osgood and Deer Hill Schools were reorganized into teaching teams to provide for the assessment of each student, thereby helping him make the most of his own capacities and interests. The student will be encouraged to assume increasing responsibility for making decisions about his own education.

New courses were introduced: "Man, A Course of Study", grades five and six social studies; Individualized Math System, grades three to six; extension of AAAS Science into grades five and six; Intermediate Science Curriculum Study in the Junior High; Prescribed Individual Learning System Math in the Junior High; expansion of Individually Guided Program, Senior High; introduction of Arts Advisory Council at Deer Hill; various mini courses, and a pilot program using a humanities approach to American studies, at the Senior High School.

The approach to better budgetary procedures through a refinement of the Planned Program Budgeting Evaluation System was continued. Significant savings, approximately \$2.00 on the tax rate, was achieved through this budgetary approach in the state reimbursements received for the Child Study Team. The School Committee's policy of contracting services for music teachers, auto mechanics, psychologists, social workers, and so forth, on an as-need basis rather than hiring personnel full time was the result of an analysis of program costs. By using the cost-comparative data from the P.P.B.E.S. budget, the School Committee is in a better position to make fiscal and program decisions and to formulate future policies.

The second part of the 1973 school report is statistical and assumes meaning only as one compares it with data in other Cohasset annual reports.

This year has been a stimulating one and I am deeply appreciative of the help and support from dedicated faculty members, the School Committee, and parents. I look forward to 1974.

Respectfully submitted,
James F. Gray

Alternate School Program					26
TOTALS:	1854	1910	1941	1992	1984

Table 2 - Enrollment Data Grouped by Schools - Five-Year Survey

School	Year					Building Capacity
	1969	1970	1971	1972	1973	
Osgood	481	531	602	592	561	425
Deer Hill	553	521	453	468	496	500
High School	820	858	886	932	927	1000
TOTALS:	1854	1910	1941	1992	1984	

October 1 enrollment figures provide a means for comparing the school system's enrollment at a comparable time during any school year, but they do not provide an accurate description of the overall enrollment pattern. A more precise representation can be obtained by using a statistic called the Average Daily Membership (ADM). This is obtained for any given year by adding the aggregate number of days of attendance of all students to the aggregate number of days of absence of all students and dividing that sum by the total number of days that school was in session. The ADM for the two preceding school years are provided in Table 3. These figures include both resident and non-resident (METCO) students.

Table 3 — Average Daily Membership: Two-Year Comparison

Category	1971 - 1972	1972 - 1973	Net Change
Elementary	1,060.0	1,057.0	-3
Secondary	932.0	927.0	-5
TOTALS:	1,992.0	1,948.0	-8

In addition to those enrolled in the public schools, there are 164 school age children residing in Cohasset who attend school outside of the community. Table 4 summarizes the distribution of these students by the type of school which they attend.

Table 4 — Resident Students Attending Other Schools: 1973-74

Type of School	Number Enrolled
Parochial	11
Private Day or Boarding	139
So. Shore Regional Vo-Tech	9
Other	5
	164

Activities of the 134 students who graduated from Cohasset High School in June, 1973 are summarized in Table 5.

Table 5 — Survey of CHS Graduates: Class of 1973

Category	Percent
Continuing Education	
Four-Year College	61.0
Junior College	12.0
Nursing Education & Other	7.0
Armed Services	5.0
Employed	15.0

Services provided to students through the school health program during the preceding school year are summarized in Table 6.

Table 6 — Summary of School Health Program Activities: 1972-73

Type of Service	Osgood School	Deer Hill School	Jr. and Sr. High School	Total

REPORT OF THE SCHOOL FACILITIES COMMITTEE FOR 1973

In June, 1972, a special Town Meeting appropriated \$25,000 for preliminary plans for a new elementary school. The architectural firm of Earl R. Flansburgh & Associates worked with the School Facilities Committee, Superintendent James F. Gray, and the School Committee in planning that would implement the School Committee's educational specifications. It was decided to plan a new facility as part of a campus-type development incorporating the Deer Hill School.

This planning was effectively terminated in February, 1973, when the Massachusetts School Building Assistance Bureau ruled that no further planning would be permitted until a bond issue for a sewer line to the Deer Hill site had been voted by the Town Meeting. The SBAB is the state agency that approves use of state funds in public schools.

The Sewer Commissioners have reported that the earliest possible date that they will be prepared to request approval of a bond issue for the construction of this sewer line will be late 1974 to early 1975. Therefore, the School Facilities Committee can proceed no further at this time.

Crowding at the elementary level continues to be a pressing problem for Cohasset. In addition to long inadequate space for classroom use and many supportive services, cafeterias have been converted to classroom use, with the result that children now eat lunch at their desks in both elementary schools.

REPORT OF THE TOWN ACCOUNTANT

To the Board of Selectmen
and the Citizens of the Town of Cohasset:

Submitted herewith is my annual report in accordance with Section 61 of Chapter 41 of the General Laws of Massachusetts for the year ended December 31, 1973.

The report consists of the following schedules:

- (1) Statement of receipts and expenditures
- (2) Summary of appropriations and other accounts
- (3) Balance Sheet- General Accounts
- (4) Balance Sheet- Deferred Revenue Accounts
- (5) Trust Funds in Custody of Treasurer
- (6) Statement of Town Debt

The books and records of the town were examined by auditors from the Bureau of Accounts of the Department of Corporations and Taxation. The audit covered the period January 1, 1972 to September 30, 1973. The last audit included the transactions thru April 30, 1969. Generally the auditors begin their audit examination from the last date of the previous audit. The books and records have been found in excellent condition, therefore precluding the necessity of auditing the last eight months of 1969, years 1970 and 1971. A copy of their detailed report will be on file in the Selectmen's office when the report is received.

Respectfully submitted,

William S. Signorelli
Town Accountant
